

**@HSDHealth Message Three Individuals Test Positive:
2 HMS females, HMHS female. _____**

HSD Cases #45, #46, #47

12/3/2020

Dear Parents, Guardians, and Staff:

This letter is to inform you that individuals in the Haddonfield School District have tested positive for Coronavirus Disease 2019 (COVID-19). Neither of these cases includes a “look back” period that included a time when these individuals were in the school district; as a result, there is no in-district contact tracing associated with these cases.

We continue to urge parents to keep your student home at the first signs of [COVID symptoms](#) and to please notify your school nurse as soon as you receive a COVID+ test. This helps the school district to respond in the most efficient manner possible.

Here are all of the details that we are permitted to share at this time:

Case 45: HMS

- The individual is a female in her 50s.
- The individual was symptomatic beginning on Sunday, November 29.
- The individual was tested on Tuesday, December 1, and received a positive test on Wednesday, December 2. According to guidelines, there is a “look back” period beginning two days prior to either the administration of a positive test if asymptomatic or two days prior to symptoms with a positive test. In this case, the “look back” is Friday, November 27.
- This individual was last in school on Tuesday, November 24.
- Based on currently available information, this individual did not likely contract the virus in school.

Case 46: HMS

- The individual is a female in her 10s in the all-virtual model.
- The individual was symptomatic beginning on Saturday, November 14.
- The individual was tested on Friday, November 20, and received a positive test on Tuesday, November 24. According to guidelines, there is a “look back” period beginning two days prior to either the administration of a positive test if asymptomatic or two days prior to symptoms with a positive test. In this case, the “look back” is Thursday, November 12.
- This individual has not been in school.
- Based on currently available information, this individual did not contract the virus in school.

Case 47: HMHS

- The individual is a female in her 10s in the all-virtual model.
- The individual was symptomatic beginning on Friday, November 13.
- The individual was tested on Friday, November 20, and received a positive test on Tuesday, November 24. According to guidelines, there is a “look back” period beginning two days prior to either the administration of a positive test if asymptomatic or two days prior to symptoms with a positive test. In this case, the “look back” is Wednesday, November 11.
- This individual was last in school on Tuesday, November 10.

- Based on currently available information, this individual did not likely contract the virus in school.
