

@HSDHealth Message Four Individuals Test Positive: 1 male at Central, 1 male at HMHS, 1 female at HMHS, 1 male at Elizabeth Haddon

HSD Cases #105-108

1/14/2021

Dear Parents, Guardians, and Staff:

This letter is to inform you that four (4) individuals in the Haddonfield School District have tested positive for COVID-19. All contact tracing has been completed.

We continue to urge parents to keep their student home at the first signs of [COVID symptoms](#) and to please notify your school nurse as soon as you receive a COVID+ test. This helps the school district respond in the most efficient manner possible.

Please [click here for the most up to date version of HSD's COVID-Related Decision Tree](#).

Here are all of the details that we are permitted to share at this time:

Case 105: Central

- The individual is a male in his 10s in Cohort B.
- The individual was symptomatic on Sunday, January 10.
- The individual was tested Tuesday, January 12, and received results on Wednesday, January 13. According to guidelines, there is a “look back” period beginning two days before either the administration of a positive test if asymptomatic or two days before symptoms with a positive test. In this case, the “look back” is Friday, January 8.
- This individual was last in the district on Friday, January 8.
- Based on currently available information, it is unlikely this individual contracted the virus in school.

Case 106: HMHS

- The individual is a male in his 10s in Cohort B.
- The individual was asymptomatic when tested on Monday, January 11, and received results on Wednesday, January 13. There was an onset of symptoms on January 13.
- According to guidelines, there is a “look back” period beginning two days before either the administration of a positive test if asymptomatic or two days before symptoms with a positive test. In this case, the “look back” is Saturday, January 9.
- This individual was last in the district on Friday, January 8.
- Based on currently available information, it is unlikely this individual contracted the virus in school.

Case 107: HMHS

- The individual is a female in her 10s in Cohort A.
- The individual was symptomatic on Sunday, January 10. She was tested on Tuesday, January 12, and received results on Wednesday, January 13.
- According to guidelines, there is a “look back” period beginning two days before either the administration of a positive test if asymptomatic or two days before symptoms with a positive test. In this case, the “look back” is Friday, January 8.

- This individual was last in the district on Monday, December 21.
- Based on currently available information, it is unlikely this individual contracted the virus in school.

Case 108: Haddon

- The individual is a juvenile male (under 10) in Cohort B.
- The individual was symptomatic on Sunday, January 10.
- The individual was tested and received results on Wednesday, January 13. According to guidelines, there is a “look back” period beginning two days before either the administration of a positive test if asymptomatic or two days before symptoms with a positive test. In this case, the “look back” is Friday, January 8.
- This individual was last in the district on Friday, January 8.
- Based on currently available information, it is unlikely this individual contracted the virus in school.

Please note that all COVID+ messages sent by the district are archived on our website at <https://haddonfieldschools.org/hsdhealthCOVID-messages/>.

Sincerely,

Charles Klaus
Superintendent of Schools
