HSD Case #165

Dear Parents, Guardians, and Staff:

This letter is to inform you that (1) individual in the Haddonfield School District has tested positive for COVID-19. All contact tracing has been completed.

We continue to ask parents to keep their student home at the first signs of [COVID symptoms](#) - we urge our community to err on the side of caution, especially since we have implemented the mixed cohort model which results in higher numbers of students required to be excluded from school.

Also, please notify your school nurse as soon as you receive a COVID+ test. This helps the school district respond in the most efficient manner possible.

Please note that the [HSD Active COVID+ Dashboard](#) is updated daily and available on the HSD website.

Please [click here for the most up-to-date version of HSD's COVID-Related Decision Tree](#).

Case 165: Tatem

- **The individual is a juvenile male (under 10).**
- **The student was symptomatic in the evening of Thursday, April 8. He was tested on Friday, April 9, and received results on Saturday, April 10.**

- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or taking of COVID test if asymptomatic), which in this case is Tuesday, April 6.
- The student was last in school on Thursday, April 8.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Please note that all COVID+ messages sent by the district are archived on our website at <https://haddonfieldschools.org/hsdhealthCOVID-messages/>.

Sincerely,

Charles Klaus

Superintendent of Schools
