HSD Case #177-#180

Dear Parents, Guardians, and Staff:

This letter is to inform you that (4) individuals in the Haddonfield School District have tested positive for COVID-19. All contact tracing has been completed.

We continue to ask parents to keep their student home at the first signs of [COVID symptoms](#) - we urge our community to err on the side of caution, especially since we have implemented the mixed cohort model which results in higher numbers of students required to be excluded from school.

Also, please notify your school nurse as soon as you receive a COVID+ test. This helps the school district respond in the most efficient manner possible.

Please note that the [HSD Active COVID+ Dashboard](#) is updated daily and available on the HSD website.

Please [click here for the most up-to-date version of HSD's COVID-Related Decision Tree](#).

Case #177: HMHS

- **The individual is a male in his 10s.**
- **The individual was symptomatic on Monday, April 12. He was tested and received results on Monday, April 19. .**

- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or 2 days prior to testing if asymptomatic), which in this case is Saturday, April 10.
- The individual was last in school on Monday, April 12.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #178: HMHS

- The individual is a male in his 10s.
- The individual was symptomatic, tested, and received results on Monday, April 19.
- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or 2 days prior to testing if asymptomatic), which in this case is Saturday, April 17.
- The individual was last in school on Monday, April 19.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #179: HMS

- The individual is a male in his 10s.
- The individual was asymptomatic. He was tested and received results on Tuesday, April 20.
- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or 2 days prior to testing if asymptomatic), which in this case is Sunday, April 18.
- The individual was last in school on Monday, April 19.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Case #180: HMHS

- The individual is a male in his 10s.
- The individual was symptomatic on Thursday, April 15, tested on Saturday, April 17, and received results on Monday, April 19.
- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or 2 days prior to testing if asymptomatic), which in this case is Tuesday, April 13.
- The individual was last in school on Thursday, April 15.
- Based on currently available information, it is likely that this individual contracted the virus at a school function.

Please note that all COVID+ messages sent by the district are archived on our website at <https://haddonfieldschools.org/hsdhealthCOVID-messages/>.

Sincerely,

Charles Klaus

Superintendent of Schools
