HSD Case #186-#187

Dear Parents, Guardians, and Staff:

This letter is to inform you that (2) individuals in the Haddonfield School District have tested positive for COVID-19. All contact tracing has been completed.

We continue to ask parents to keep their student home at the first signs of [COVID symptoms](#) - we urge our community to err on the side of caution, especially since we have implemented the mixed cohort model which results in higher numbers of students required to be excluded from school.

Also, please notify your school nurse as soon as you receive a COVID+ test. This helps the school district respond in the most efficient manner possible.

Please note that the [HSD Active COVID+ Dashboard](#) is updated daily and available on the HSD website.

Case #186: HMHS

- The individual is a male in his 10s.
- The individual was symptomatic on Thursday, April 22. He was tested on Friday, April 23, and received results on Saturday, April 24.

- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or 2 days prior to testing if asymptomatic), which in this case is Tuesday, April 20.
- The individual was last in school on Monday, April 19.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #187: HMS

- The individual is a female in her 10s.
- The individual was asymptomatic. She was tested on Saturday, April 24, and received results on Sunday, April 25.
- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or 2 days prior to testing if asymptomatic), which in this case is Thursday, April 22.
- The individual was last in school on Friday, April 23.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.
