HSD Case #166

Dear Parents, Guardians, and Staff:

This letter is to inform you that (1) individual in the Haddonfield School District has tested positive for COVID-19. All contact tracing has been completed.

We continue to ask parents to keep their student home at the first signs of [COVID symptoms](#) - we urge our community to err on the side of caution, especially since we have implemented the mixed cohort model which results in higher numbers of students required to be excluded from school.

Also, please notify your school nurse as soon as you receive a COVID+ test. This helps the school district respond in the most efficient manner possible.

Please note that the [HSD Active COVID+ Dashboard](#) is updated daily and available on the HSD website.

Please [click here for the most up-to-date version of HSD's COVID-Related Decision Tree](#).

Case 166: Tatem

- **The individual is a male in his 30s.**
- **The individual was symptomatic on Saturday, April 3. He was tested on Monday, April 5, and received results on Friday, April 9.**

- According to guidelines, there is a “look back” period beginning two days prior to symptom onset (or taking of COVID test if asymptomatic), which in this case is Thursday, April 1.
- The individual was last in school on Thursday, April 1.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Please note that all COVID+ messages sent by the district are archived on our website at <https://haddonfieldschools.org/hsdhealthCOVID-messages/>.

Sincerely,

Charles Klaus

Superintendent of Schools
