HSD Cases #63-#66

Dear Parents, Guardians, and Staff:

This letter informs you that four (4) individuals in the Haddonfield School District have tested positive for COVID-19. All contact tracing, if any, has been completed.

We continue to ask parents to keep their students home at the first signs of [COVID symptoms](#). Also, please notify your school nurse as soon as you receive a COVID+ test, which helps the school district respond in the most efficient manner possible.

We have also received several questions about vaccination status among the positive cases reported. While we do not report vaccination status by individual case, 88% of student COVID+ cases this school year have been among unvaccinated students, the majority of which were not vaccine eligible at the time of illness.

While we try to consolidate these notices to be more efficient in our communications, please note that the [HSD Active COVID+ & Vax Dashboards](#) are updated daily and available on the HSD website.

Please [click here for the most up-to-date version of HSD's COVID-Related Decision Tree](#).

Case #63: HMHS

- The individual is a male in his 10s.
- Symptomatic, tested, and received results on Monday, November 15.
- The “look back” date is Saturday, November 13.
- Last day in school was Friday, November 12.

- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #64: Haddon

- The individual is a juvenile female (under 10).
- Symptomatic in the evening on Saturday, November 13, tested and results on Monday, November 15.
- The “look back” date is Thursday, November 11, and the last day in school was Friday, November 12.
- Based on currently available information, it is unlikely that this individual contracted the virus in school

Case #65: Central

- The individual is a juvenile female (under 10).
- Symptomatic in the evening on Monday, November 15, tested and results on Tuesday, November 16.
- The “look back” date is Saturday, November 13.
- Last day in school was Monday, November 15.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Case #66: Central

- The individual is a juvenile female (under 10).
- Asymptomatic when tested and received results on Tuesday, November 16.
- The “look back” date is Sunday, November 14.
- Last day in school was Monday, November 15.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Please note that all COVID+ messages sent by the district are archived on our website at <https://haddonfieldschools.org/covid-messages-2021-22/>.

Sincerely,

Gino
Assistant Superintendent of Schools

R.

Priolo,

Ed.D.
