PREFACE

The **Guide for Standard Operating Procedures and Internal Controls** is a document that outlines the business practices that are approved by the Haddonfield Board of Education and administered by the Business Office. It is intended to be used as a reference manual by administrators, secretaries and any staff members that have Budgetary/Financial responsibilities. Its purpose is to provide an efficient, control and accountability system that will help assure appropriate use of “Public Funds”. It must be understood that the principles of this manual are based on, “Generally Accepted Accounting Principles,” and rely on an assumption that individuals have a general understanding of the financial process of a School System. For this program to operate at optimum efficiency there must be a spirit of cooperation, teamwork and communication between the school staff and the Business Office.

SECTION I: INTERNAL CONTROLS

CHAPTER 1 - INTERNAL CONTROL DOCUMENT

OVERVIEW: Internal controls are not separate systems of the school district. Controls are not an isolated activity but integral part of each activity used to guide the district.

Establishment, maintenance and evaluation of the internal controls are the responsibility of the administration. The evaluation of internal controls includes identifying the framework used by the administration to determine the effectiveness of the internal controls.

Controls are in place to detect or prevent errors and fraud. An error is an unintentional mistake that has the potential to affect the financial statements and fraud is the intentional misuse or misappropriation of district's assets.

OBJECTIVES OF INTERNAL CONTROL: The three objectives of internal control are to ensure the effectiveness and efficiency of operations, reliability of financial reporting, and compliance with applicable laws and regulations. The safeguarding of assets is a subset of all of these objectives.

Continuous monitoring and testing is needed to help to identify poorly designed or ineffective controls. The administration is also responsible for communicating the objectives of internal control and ensuring the organization is committed to sustaining an effective internal control environment.

COMPONENTS OF INTERNAL CONTROLS: The five components of internal controls include the control environment, administration's risk assessment, administration's communication of the controls, control activities and monitoring of the controls.

CONTROL ENVIRONMENT: The control environment includes the organizational structure, the control framework, the district's policies and procedures and internal and external influences. The tone set by the school district's board and administration determines the attitude toward the controls of the district.

ORGANIZATIONAL STRUCTURE: The organizational structure determines the administration's responsibilities and sets the relationship with the board, which sets the policies.

CONTROL FRAMEWORK: Elements of a control framework include the following:
Segregation of duties to help ensure the reliability of the organization's internal controls, one person should not have access to all stages of a process. If there is not proper segregation situations could arise where errors or irregularities occur and go undetected.

Integrity and competence of the personnel performing the duties are key to achieving the desired

controls. This includes hiring the proper people and continually training personnel. It is important to ensure that employees who perform financial tasks have the knowledge and skill to perform their duties. Communication by the administration of the controls and the employee's responsibilities are as important as ensuring that employees know how to communicate irregularities that may arise. Proper supervision of employees is needed to ensure proper execution of control activities.

DISTRICT'S POLICIES AND PROCEDURES: The district's policies set the overall direction of the district. Procedures for all areas of financial preparation, reporting, operations, transportation, maintenance, personnel and payroll are needed. These policies and procedures will become the basis for the determination of compliance.

ADMINISTRATION'S RISK ASSESSMENT: The administration has to conduct an assessment of risks relevant to the financial statements. This includes the identification of potential risks, the analysis of the potential impact of those risks on the ability to properly report the financial statements and the overall management of risks. Items to consider in the risk assessment of the district include, but are not limited to:

1. New personnel or new duties for existing personnel
2. How a change in accounting information system impacts controls and how effectively the training of personnel on new system was conducted
3. Changes in the regulations and laws that may affect the control environment
4. Record storage is appropriate and secure (fireproof cabinets when needed for manual documents and proper passwords and access limitations for electronic information)
5. District limits access to computers and data files
6. Segregation of duties
7. Transactions are recorded timely
8. Cash is deposited timely
9. Assets are physically safeguarded
10. Transactions are performed by only authorized personnel
11. Reconciliations are properly and promptly completed
12. Occurrences of management override

INFORMATION AND COMMUNICATION: The administration needs to determine if the information systems utilized in the district are adequate and relevant for their intended purpose.

The district's administration is responsible for communicating the controls of the district and the responsibilities of each employee in the control system.

The administration is also charged with reviewing information that may indicate a flaw in the controls that would not allow the control to detect an error in a timely fashion.

CONTROL ACTIVITIES: Control activities include the policies and procedures that are in place to

achieve the controls desired. Documentation of the control activities is vital to the overall control environment. These activities include, but are not limited to:

1. Segregation of duties
2. Transactions are recorded timely
3. Cash is deposited timely
4. Assets are physically safeguarded
5. Transactions are performed by only authorized personnel
6. Reconciliations are properly and promptly completed

CONTROL ASSERTIONS: Control activities can be categorized into one or more assertions. All assertions should be addressed for each process (payroll, cash disbursements, etc).

1. Existence (E) /Occurrence (O) – Existence is whether the assets or liabilities of the district exist at any given point in time (cash, state aid receivable). Occurrence is the whether the transaction took place (goods were received before the PO was moved to accounts payable from encumbrances)
2. Valuation (V) or Allocation (A) – Valuation is whether the asset or liability is included on the board secretary's report at the proper value (the amount of cash or state aid receivable). Allocation is whether the revenue and expenditures were recorded in the proper amounts.
3. Accuracy/ Classification (A/CL) – transactions are recorded accurately and the classification of the transactions are proper.
4. Completeness (CO) – is whether all transactions are included (unrecorded purchase orders).
5. Cutoff (C) – Transactions are recorded at the proper time (purchase orders written in the proper year).

MONITORING: The administration is charged with reviewing internal controls on an ongoing basis. Monitoring can include responding to the recommendation of the auditor in changes in the controls. Reviewing correspondence from outside sources such as banks and vendors for unusual items is part of monitoring.

Employees should be required to “sign off” on their understanding of the control activities and their responsibilities in those activities.

AFTER THE CONTROLS ARE ESTABLISHED: Once the district establishes controls, those controls need to be evaluated at least annually and anytime circumstances dictate. Changes in personnel or regulations are examples of these.

As controls are evaluated they will either be effective or ineffective at achieving the proposed control. Controls are effective when there would be no material weaknesses in internal controls

involved in financial reporting. Ineffective controls would be those where at least one material weakness exists. If a control is determined to be ineffective, then the control deficiency needs to be evaluated.

CONTROL DEFICIENCIES: A control deficiency exists when the design or operation of a control does not allow the administration to prevent or detect misstatements on a timely basis. A design deficiency exists when a necessary control is missing or is not designed to enable the control objective to be met. An operational deficiency exists when control is designed properly, but does not operate as designed or the person performing the control is not qualified to perform the control.

A deficiency may exist that is unavoidable (segregation of duties in a small office). For these, compensating procedures should be put in place. These compensating procedures do not correct the deficiency.

REASONABLE ASSURANCE AND LIMITATIONS ON CONTROLS: Reasonable assurance is a high level of assurance, but is not absolute. The district should understand that potential fraud could exist and not be detected timely in the following circumstances: when the district has poorly designed or operated internal controls, or when there are too many overrides of controls, when there is collusion between employees or between an employee and a third party.

REVIEW OF DISTRICT PROCESSES: When reviewing processes in the district, it may help to consider incorporating the “5 Ws”.

1. Who performs each activity? Who receives the outcome of the activities?
2. What activities are performed? What forms and reports are used? What computer systems and files are used?
3. When are activities performed? What is the sequence of activities? What is the timing of the activities? What is the frequency of the activities?
4. Where are activities performed (i.e., board office, school, etc.)?
5. Why are activities performed (i.e., what risks are controlled, what control assertion does process step serve, etc.) One final consideration should be whether any changes to the process will increase the efficiency of the process or firm up the controls.

CONTROLS LISTED: The controls listed here are not intended to be a complete list of controls, as each district will have different processes, controls and concerns. These items should be used as a beginning for the review of controls.

SECTION I: INTERNAL CONTROLS
CHAPTER 2 - EVALUATING INTERNAL CONTROLS

Title: Internal Control

Subtitle: Evaluation of Internal Controls

Purpose: To ensure that controls are evaluated on as periodic basis to ensure the controls continue to be effective.

Procedure:

1. The business administrator will establish a process to evaluate internal controls over all areas of financial and operational procedures in the district.
2. These internal controls should be evaluated at least annually and every time one of the following conditions exists:
 1. Change in personnel performing a control function
 2. Change in accounting system
 3. Change in regulations
3. As the controls are evaluated, a determination should be made that designates the control as either effective or ineffective. Ineffective controls should be changed to achieve the proper level of effectiveness required.
4. Written documentation of the review of the controls in place should be kept.

SECTION I: INTERNAL CONTROLS
CHAPTER 3 - COMMUNICATING STAFF MEMBERS ROLES

Title: Internal Control

Subtitle: Communicating staff members role in the Internal Controls

Purpose: To ensure that everyone in the district who performs or should perform a control function understands the control.

Procedure:

1. The business administrator will establish a procedure to ensure the all employees and board members who are charged with a control understand the importance of the control and their role in the control environment.
 1. Controls that are not performed with an understanding of the control will not be effective.
 2. Review of the controls and the staff members' role in the controls should be conducted at least annually and anytime there is a change in the control, the personnel or the laws and regulations affecting the control.

CHAPTER 2 - AFTER SCHOOL USE OF FACILITIES

Title: Use of School Facilities

Purpose: Buildings and facilities are constructed and purchased by the Board of Education for providing a school program. The Board encourages community use of these facilities providing that this use does not interfere with the program of the school.

Procedure:

The Board of Education authorizes the Business Administrator to approve and schedule the use of school facilities by school related and non-school organizations. The Board reserves to itself this authority to approve the use of school facilities by non-school organizations. **It is the position of the Board to approve only community groups whose organization's function will benefit the pupils of the school/ community or the school district.** School facilities will not be scheduled for use on Sunday except for school related activities that cannot be scheduled on another day.

The rules and regulations thus adopted are designed to safeguard a community investment while at the same time to permit use of the school facilities by the community.

The Board of Education shall hold each organization financially responsible for damage to facilities while in its care and retains the right to refuse further permission to any organization not complying with all rules and regulations.

The Business Administrator shall request the organization using the facility to supply proof of insurance coverage. Minimum acceptable coverage is \$1,000,000 (insurance limits). As a requirement of our insurance carrier, your insurance certificate must name the Haddonfield Board of Education as co-insured. The insurance certificate must be submitted with the application for use of school property.

Except for costs incurred by the district to provide personnel or special services, charges for the use of school facilities shall be waived for qualified organizations outlined in the facility usage application.

Form # - Sales Tax Exemption Letter

SECTION III: CASH MANAGEMENT

CHAPTER 1 - PETTY CASH FUND

Title: Petty Cash Fund

Purpose: To establish a uniform method of account for the Petty Cash Funds

Procedure:

1. The Board of Education recognizes the convenience of an imprest cash fund in the day to day operation of a school district, but the Board is also aware of the abuses that can result from the establishment of such funds unless there are proper controls.
2. The Board authorizes the establishment of an imprest (revolving) fund at the Business Administrator's Office in the amount of \$350.00.
3. In accordance with District Practice, no single payment from petty cash will exceed \$25.00. The Business Administrator shall ensure that petty cash funds are spent only for stamps, delivery charges, office supplies and miscellaneous purchases. Funds shall not be used to subvert the regular purchasing procedure.
4. To request a purchase using petty cash, prior approval by the School Business Administrator is required before any such purchase may occur. Petty cash receipt will be signed by the business administrator. All reimbursements will be by check only.
5. All funds are to be closed out on June 30. To accomplish this, final reimbursement will be into the Business Office for payment at the final Board Meeting in June. This will allow for turning in the local amount of the authorized fund in cash to the School Business Administrator for deposit back into the General Account of the Board. All Board approved funds will be reestablished on July 1.

SECTION III: CASH MANAGEMENT

CHAPTER 2 - STUDENT ACTIVITY FUNDS

Title: Student Activity Funds

Purpose: To establish financial controls for the administration of the various student activities operated for the benefit of the students, managed by adults, not part of the regular instructional program with the Board indirectly responsible

1. The general organization of the fund to include student government, student clubs, student publications, school classes and class trips.
2. The Board authorizes the maintenance of student activity funds to be located at and known as the High School Student Account, Middle School Student Accounts, and Elementary Student Accounts.
3. All funds must be self- sustaining, the responsibility of a designated person and administered by the Business Administrator.

Procedure:

1. Receipt of Funds:

1. All funds will be collected by the Building Principal or his/her designee. These funds will be deposited within 48 hours of receipt into the established bank checking account.
2. All funds should be of an exchange nature and large balances should not be permitted to accumulate. Money should not be raised or collected unless there is a definite purpose for doing so.
3. All deposited funds will be recorded in the district accounting system including the date of receipt, source of receipt, amount of receipt and the total amount of the deposit and will be maintained by the Student Activity Bookkeeper for each school.

2. Disbursement of Funds:

1. Contracts require Board approval and will be signed by the Business Administrator.
2. No educational materials may be purchased from these funds.
3. All funds will be disbursed from the established checking account requiring two signatures. All disbursements must be supported by a receipt, claim or company invoice and will be attached in Schoolfi.
4. All checks written will be recorded in the district accounting system to include the date of check, payee, amount of check and activity or class to which it is to be charged.
5. Each month a bank reconciliation must be prepared and this is balanced with the individual activity or class balance by the Student Activity Bookkeeper. These reconciliations are kept on file, with all canceled checks, for review by the District Auditor and/or School BA.

SECTION III: CASH MANAGEMENT

CHAPTER 3 - ATHLETIC FUND

Title: Athletic Funds

Purpose: To establish the financial controls for the administration of the interscholastic athletic program to ensure the program is operated fairly and efficiently, and the Board is fully informed of its status.

Procedure:

1. The Board authorizes the maintenance of the following athletic funds to be known as and to be located at: Athletic Account/ High School.
2. The athletic fund shall be the responsibility of the Director of Athletics and shall be administered by the Business Administrator.
3. The Board will provide sufficient funds to overcome any deficit encountered at the end of the year.
4. In order to comply with the legal requirement of the annual audit and to further comply with all state statutes the Board requires that adequate financial and bookkeeping controls be established to include the following:
 - a. All payments for supplies, equipment, and services shall be made through the regular purchasing procedures of the district, except for ticket takers fees, police fees, and athletic officials' fees, but no such fees shall be paid in cash.
 - b. A checking account shall be established for disbursements from the athletic fund. Each such disbursement must be approved by the Director of Athletics, School Principal, and Accounting Manager.
 - c. All gate receipts shall be turned in to the designated person or the Director of Athletics on the date of collection, so they can be safeguarded.
5. At the conclusion of the respective athletic program, the athletic coach shall submit a complete inventory of all equipment and supplies in writing to the Director of Athletics. The said list shall be submitted no later than one month after the conclusion of the program.
6. A financial report of the athletic fund shall be submitted to the Board.

SECTION IV: BUDGET PROCESS
CHAPTER 1 - BUDGET DEVELOPMENT PROCESS

Title: Budget Development Process

Procedure:

School Budgets – Site Based Management

School Budgets are the responsibility of the Building Principal. It is also the responsibility of the Principal to justify proposed expenditures in each of the line item accounts. Building Principals track their school accounts during the year making the necessary transfers needed to ensure no accounts are over- expended. If during the budget development process there is a need to reduce the school budgets, the Building Principal will be notified of the amount and is responsible for re-submitting the changes to the revised school budget. Below is a breakdown of the budget process.

1. October

- a. Distribution of:
 - i. Individual school/ department line item budget
 - ii. Personnel request form; for additions and /or reductions of staff.

2. November

- a. Beginning of November, meeting with the Superintendent of Schools, School Business Administrator, and individual School Principal or Supervisor to review additional needs for the following year.

3. December

- a. Admins submit their budget proposals to the Business Administrator with Justifications in SchoolFi.

SECTION IV: BUDGET PROCESS
CHAPTER 2 - BUDGET TRANSFERS

Title: Budget Transfers

Procedure:

Individual budget line item transfer requests are to be submitted to the School Business Administrator by the Building Principals and/or Curriculum Supervisor. Requests must be submitted using GoogleForm. When transferring money from one account to another, the "from" account must have enough money to cover the transfer, if not, then the transfer cannot be completed. Make sure the correct account numbers that need to be affected are used and fill in the description of the account.

Update transfer report as necessary, (suggested on a monthly basis), for submission to the County Office twice a year (December and June).

SECTION IV: BUDGET PROCESS

GRANT APPLICATION PROCEDURE

Title: Grant Application Procedure

Procedure:

1. All grant applications must be submitted for approval prior to submission to the Granting Authority to the Building Principal then to the Supervisor of Curriculum and Instruction. All grants require approval from the Superintendent and action from the Board of Education.
2. All other procedures as described in this handbook will apply to transaction involving grant funds.

SECTION V: POSITION CONTROL
CHAPTER 1 - POSITION CONTROL - GENERAL

Position control is a process to measure the current status of positions for personal services within the district in order to analyze their fiscal impact on the whole budget year. The impact of a position is determined by actual expenditures from the beginning of a fiscal year plus amounts set aside to cover appointments to the position for the remainder of the fiscal year.

The concept of position control implies that each position must be defined in specific terms and that the hiring procedure may not be completed until a specifically defined position exists for the applicant. Budget Status is determined by combining elements from the Position File, the Payroll Distribution File, and the Employee DataBase.

The baseline year to use for position control is the snapshot date of February 1 of the pre-budget year. Grouping should be established by budgetary function and object at a minimum.

According to 6A:23A-6.8, districts shall maintain an accurate, complete, and up-to-date automated position control roster in order to track the actual number of employees, as well as, the category of employees in detail. The position control roster shall:

1. Share a common database and be integrated with the district's payroll system;
 - a. Agree to the account codes in the budget software.
 - b. Ensure that the data within the position control roster system includes:
 - i. The employee name
 - ii. The date of hire
 - c. A permanent position tracking number for each employee including:
 - i. An accurate expenditure account code(s)
 - ii. The building the position is assigned
 - iii. The certification title and endorsement held, as applicable
 - d. The assignment position title as follows:
 - i. Superintendent or Chief School Administrator
 - ii. Assistant Superintendent
 - iii. School Business Administrator
 - iv. Board Secretary (when other than I, II or III above)
 - v. Principal
 - vi. Vice Principal
 - vii. Director
 - viii. Supervisor

- xxxi. Food Service
- xxxii. Other Non-certificated
 - 1. A budgetary control number for substitute teachers
 - 2. A budgetary control number for overtime
 - 3. A budgetary control number for extra pay
 - 4. The status of the position (filled, vacant, abolished, etc.)
 - 5. An indication, when available, of whether the employee is retiring in the budget year or not being renewed including associated costs such as contractual buyouts, severance pay, paid vacation or sick days, etc
 - 6. Each of the following:
 - a. base salary
 - b. Step
 - c. longevity
 - d. guide
 - e. stipends by type
 - f. overtime
 - g. other extra compensation
 - h. The benefits paid by the district, net of employee reimbursements or co-pays, by type of benefit and for FICA and Medicare

- i. The position's full-time equivalent value by location
- j. The date the position was filled; and The date the position was originally created by the board. If the date the position was originally created is not available, this item shall represent the date the person currently filling that position was approved by the board.

- **Purpose**

The purpose of this Standard Operating Procedure is to describe forms and procedures needed to assign position control numbers and create, or abolish positions.

- **Scope**

These procedures cover all positions and all employees of the district.

- **Authority**

The assignment of PCN's should be initiated by the CSA. Human Resources in conjunction with the SBA should maintain a list available to the CSA when hiring or transferring employees for the district. It is recommended that the PCN number be referenced in the resolution approved by the Board of Education.

- **Position**

A position is a set of duties and responsibilities specified in a specific job description assigned to be performed by an employee of the district. A position may be full-time, part-time, stipend, permanent/non-permanent, seasonal (summer school, after school, athletics, etc...) and either filled or vacant. A permanent position does not exist until it has been authorized and established by the Board of Education, Human Resource and the Office of Business Administration.

- **Position Control Number – Creating and Maintaining**

Position Control data is maintained in the Office of Business Administration. (See attached sample for creating) It is recommended that monthly or semi-monthly before the payroll is processed a report or review be done of all employees being paid. This report or review should indicate at a minimum the individual's PCN and linked budgetary account to be charged. Individuals not assigned a PCN must be assigned one and any vacant PCN should be noted for future reference.

- **Position Control Number (PCN)**

A position control number (PCN) is created to represent each board approved contracted *position* within a district. These control numbers are attached to the budget spread, telling the system which account(s) the position is to be paid from. As the positions are filled, the corresponding control number is linked to the employee who is currently filling the position. Control numbers that are not linked to any employees

represent vacant positions. An example: if your district has five board approved positions for high school math teachers, you would establish five PCNs to represent the five separate positions.

PCNs are independent of employee records. Each PCN represents a separate *position* within the district, *not* the employee who fills it at any particular time. Thus, if an employee leaves a position and the position remains open, the PCN remains active in the system representing a vacant position to be filled. Once an employee is hired for that position, the vacant PCN is then assigned to that person.

Vacant PCNs can provide an area where a projected estimated salary amount may be entered, providing the district with the ability to budget for positions that are expected to be filled. An assigned PCN will forward a calculated salary into the budget projection. As PCNs represent *positions* within the district, they are only added or deleted when a job position itself is either created or phased out.

- **Request for PCN for a New Position**

Departments request for the use of PCNs for new positions or to reactivate an abolished position shall include detailed justification and a cost benefit analysis. The superintendent will determine if the new position is justified, needed and that adequate funds are or have been budgeted. Based on this determination, the superintendent will decide if they will make a recommendation to the Board of Education. Upon approval from the Board of Education, the Office of Business Administration will create a new PCN.

- **Other**

Each PCN shall be integrated with the payroll system to ensure that the correct budgetary account is charged. The PCN system should be able to track through payroll and the personnel system the position by account number, individual, PCN and the history of the use of the PCN.

- **Sample Reports**

The attached sample reports are to give the SBA information on the actual full function of the use of an integrated and non-integrated PCN system and suggestions for creating actual position control numbers for staff within their particular district.

- Personnel to Payroll Spread – This report compares personnel information to payroll.
- History Report-This report reflects who has been assigned to a specific PCN.
- PCN by alpha-A simple alphabetical list indicating FTE, PCN, budgetary account charged, percent charged and salary charged.
- PCN by budgetary account- A list of all staff by budgetary account code with PCN, FTE, budgetary account charged, percent charged and salary charged.
- Recommendation for Formation of Position Control Numbers – Examples for PCN segments.

- Position Control Sample Spreadsheets-These are examples of small districts that are not using integrated systems of how PCN can be controlled using simple spreadsheet formats.
- Internal Control Questionnaire- An example of the segregation of duties with regard to the assignment of Position Control Numbers.

SECTION VI: PURCHASING

CHAPTER 1 - PURCHASING PROCEDURES/BIDDING AND QUOTATIONS

Title: Purchasing Procedures

Subtitle: Authority to Purchase, Bidding and Quotations Authority to Purchase

According to New Jersey State statute 18A:18A-2(b), the Purchasing Agent/School Business Administrator is the only individual in the school district that has the authority to make purchases for the Board of Education.

Authorized Purchases

All requests for the purchase of goods and /or services must be made through an approved purchase order signed by the School Business Administrator. No goods or materials may be ordered or work/service be authorized to begin by any other individual in the school district other than the School Business Administrator.

Unauthorized Purchases

Any Board of Education employee who orders and/or receives any materials, supplies or services without going through the approved purchase order process has made an unauthorized purchase that may be subject to disciplinary action.

Procedure:

1. **QUOTATIONS:** When a single item or service, or group of like items cost between **\$7,950 to \$53,000, two quotations are required.** Notification of this range will be sent throughout the district by July 1, of each year. The multiple quotes are attached to the Purchase Order in CSI for submission to the Business Office.
2. **BIDDING PROCESS:** When a single item or service of a group of like items are at **\$53,000** or greater, the formal bidding process through the Business Office is required (July 1, the threshold amount will be sent to the offices). Building Principals or Program Supervisors are responsible for providing the Business Office with detailed specifications and a list of vendors (if requested) for each item or service being purchased. The legal process takes approximately four to eight weeks from the date the Business Office receives the request and specifications. After award of the bid the Business Administrator will notify the appropriate party of the award and the person requesting will submit a purchase order.
3. If the vendor has a State Contract Number, no quotes or bids are necessary, however, The State Contract Number must appear on the purchase order.
4. **OTHER ITEMS:** The purchase of any single item or service not falling into one of

the above categories must be processed on a purchase order which will be approved by the School Business Administrator prior to the purchase. This means **there will be no purchase orders authorized by a telephone call by a Principal, Supervisor, Teacher or other staff member.** Board members/staff members attending conventions or workshops are not to make purchases in the name of the school district without following the purchasing process. All purchases of goods and services require a purchase order to be generated with approval from the Superintendent and Business Administrator.

5. **Preview of Materials:** All staff members must receive permission from Principals or Supervisors **to preview materials.** After the preview process has been completed, the item must be returned. If there is a desire to purchase the previewed item, then a purchase order must be originated for a new item.. All purchases must go through the Business Office.
6. **Reimbursements of employees:** The Board of Education recognizes an employee reimbursement purchase order when it pertains to pre-approved travel, meals and conferences. The Board **will not reimburse** employees for items and goods personally purchased by the employee as these items are required to be purchased through a vendor through the purchase order system.
7. **Student Activity Accounts:** Purchases made through Student Activity Accounts may not be reimbursed with Board funds. Purchase orders made payable to the Student Activity Accounts for the aforementioned purpose will not be signed by the Purchasing Agent.

SECTION VI: PURCHASING
CHAPTER 2 - PURCHASING PROCEDURES/DEF. OF PO,
EMERGENCY/EXTRAORDINARY CONDITIONS

Title: Purchasing Procedures

Subtitle: Definition of Purchase Order

Emergency Orders and Extraordinary Conditions

Purchase Order:

According to 18A:18A-2(v), a purchase order is a legal document issued by the Purchasing Agent (School Business Administrator) authorizing a purchasing transaction with a vendor to perform or provide goods or services to the Board of Education. ONLY THE PURCHASING AGENT IS AUTHORIZED BY LAW TO PURCHASE GOODS AND SERVICES FOR THE SCHOOL DISTRICT.

Emergency Orders or Extraordinary Conditions:

Procedure:

1. **EMERGENCY SITUATIONS** will be defined as situations in which the operation of a school or program would be seriously hampered.
2. **EXTRAORDINARY CONDITIONS** will be defined as conditions which are not known until after an operation has begun, which required unanticipated parts, equipment or materials to be obtained in order for the operation to be completed.
3. Under the conditions defined as emergency or Extraordinary in nature, the appropriate Central Office Administrator may request an emergency purchase order by contacting the Business Office immediately with all correct information and provided there is enough unencumbered balance in the account to cover the amount of the purchase order. The Business Office will make all necessary contacts with vendors. This type of purchase order will be immediately processed.
4. **Confirming purchase orders**, orders where the vendor is given the PO number prior to the PO being processed or approved by the Board of Education, **are not allowed and are a violation of state law.**

 - e. Quantity, description, unit price and total should be clearly stated. It is essential that current prices are used and shipping costs are included in the total.
 - f. Incomplete or improper Purchase Orders will be returned with a memo explaining the deficiencies.
 - g. Attached to each Purchase Order is a **Purchase Order Rationale Form(Form)** that justifies the need for the purchase.
4. All orders from **\$7,950 to \$53,000, unless purchased under a state contract**, require multiple quotes.
5. Purchase orders are forwarded to the Principal's Office for approval.
6. After approval by the Principal, the purchase order will be forwarded to the Assistant Superintendent's Office for approval. The PO is then sent to the Business Administrator for final approval.
7. All purchase orders will be approved and dated by the following:
 - a. **Principal or Supervisor**-must check to determine if funds are available.
 - b. **Assistant Superintendent** - determines if PO is appropriate for the curriculum and determines the educational value of each order.
 - c. **Accounting Manager** – determines if appropriately charged per The Uniform Chart of Accounts and that proper supporting documentation is attached
 - d. **School Business Administrator** - reviews the technical aspects to ensure

compliance with State Law and Board Policy.

8. Upon receipt of the goods/ services the school copy, (E), of the Purchase Order will be returned to the Business Office noting the receipt of all materials. If the order is incomplete, damaged materials, wrong materials or an incorrect amount, the Business Office must be notified. When the Order is complete, the school copy, (E), must be sent to the Business Office. The Business Office will not authorize the payment to the vendor until the school copy, (E), copy is received.
9. **Partial Payments-** In order to pay a vendor for the material received the Principal/ Supervisor must send a **copy** of the school copy,(E), denoting the items received. As stated above final payment will not be made until the school copy, (E), is received.
10. The Board of Education approves all payments on the Bill List at each BOE meeting. After the approval, payment is mailed to the vendor.
11. **Approval of amounts paid in excess of approved purchase:** As per 6A:23A-6.10 the Board will permit the Business Administrator to approve adjustments to purchase orders up to 10% over the original amount without issuing a new purchase order provided that the changes do not change the purpose or vendor or bid award price of the original purchase order.
12. **Computers /Hardware-** All purchases of computers/hardware require the Principal/Supervisor to contact the Director of Technology to assist employees with the technical aspects and the State Contract requirements of purchasing computers.
13. **Cooperative Purchasing-**The Board of Education has contracted with to bid on items in the following categories on an as needed basis.
 - a. Office Supplies
 - b. School Supplies
 - c. Custodial Supplies
 - d. Art Supplies
 - e. Science Supplies
 - f. Industrial Arts
 - g. Athletics

SECTION VI: PURCHASING
CHAPTER 5 - PURCHASING PROCEDURE/EMERGENCY CONTRACTS

Title: Purchasing Procedure

Subtitle: Emergency Contracts

Purpose: To be able to deal with emergency situations involving the health and safety of occupants of school buildings by forgoing the bidding process.

Procedure:

1. Any contract may be negotiated or awarded for the Board without public advertising for bids even if the price exceeds the bid threshold when an emergency affecting the health or safety of occupants of school buildings, provided that the contracts are awarded in the following manner:
 - a. The principal or other designee in charge of the building, facility or equipment where the emergency occurs notifies the Business Administrator of the need for the performance of the contract, the nature of the emergency, the time of the occurrence and the need to utilize the emergency provision.
2. This notification must be put in writing to the Business Administrator.
3. If the Business Administrator is satisfied that an emergency exists, he/she shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs.
4. If conditions permit, the Business Administrator will seek at least two quotes if the bid is below the bid threshold. If the expenditures are expected to be in excess of the bid threshold, the Business Administrator shall attempt to obtain at least three quotes.
5. Upon furnishing the goods or services under the terms of this emergency contract provision, the contractor shall be entitled to be paid and the Board shall be obligated to take action needed to authorize the payment of the bill.
6. This procedure will only be enacted in an emergency situation. All other contracts for goods and services will proceed using the regular purchasing process.
7. At the conclusion of the contract the Business Administrator shall submit a final report to the Board for any contract under the provisions of an emergency contract in accordance with N.J.S.A. 18A:18A-7.
8. The report shall describe:
 - a. The nature of the emergency
 - b. The time of the occurrence
 - c. The need for invoking this regulation
 - d. The action taken
 - e. The costs of the action
 - f. The accounts to be charged
 - g. The plan for preventing a similar situation in the future

SECTION VI: PURCHASING
CHAPTER 6 - PURCHASING PROCEDURE/RECEIPT OF GOODS

Title: Purchasing Procedure

Subtitle: Receipt of Goods

Purpose: To facilitate the receipt of goods and to make prompt payment to vendors.

Procedure:

1. Check the packing slips very carefully without delay, as soon as the shipment is received. If the items are on back- order, mark” backorder” on the school copy, (E), of the Purchase Order and wait a reasonable time for work orders to be received (four weeks should be enough time unless the vendor gave you a receiving date). If by that time the back order has not been received, please forward the packing slips with a notation to this bill and hold the school copy, (E), for the additional back orders. Sometimes the packing slip is marked “out of stock” or “cancel” then send the whole thing to the Business Office for payment.
2. If there is a problem with an order, notify the Business Office immediately with an Order Information Form (Form) with the packing slip attached. Most companies will allow a shortage claim within thirty (30) days.
3. Check with the Business Office for any back order cancellation notices.
4. Should it be necessary to cancel the back order items, send back the school
5. copy, (E), of the Purchase Order to the Business Office, so marked.
6. The Receiving Record of the Purchase Order must be given to the Business Office within 30 days after returning to school for all items delivered during the summer months.

 - e. Special State and Federally Funded Programs

SECTION VI: PURCHASING
CHAPTER 9 - EXPENDITURE CONTROL/PROF. AFFILIATION/EXPENSE
REIMBURSEMENT

Title: Expenditure Control

Subtitle: Professional Affiliations/Expense Reimbursement

Procedure:

Professional Affiliations:

Payment for approved professional affiliations require all original bills to be attached to the Purchase Order Requests for verification with the account to be charged.

Workshop/ Trip Reimbursement:

1. A request for travel must be submitted to the Superintendent of Schools which includes a Professional Development Request Form(Form), prior to the travel date(s), and at least seven (7) days before a Board meeting. The request shall include supporting documentation to include a statement outlining the primary purpose for the travel and key issues that will be addressed and their relevance to improving instruction or the operation of the district. Additionally, the documentation must include the type of travel; location, date(s) of travel; and all related costs including transportation expenses, parking, tolls, lodging, meals, and other expenses. A purchase order with the registration and/ or lodging request must be submitted at the same time. Lodging will only be paid at the Federal GSA(General Service Administration) rate. Any amount that exceeds that rate the individual must reimburse the Board the difference.
2. The Superintendent of Schools shall review and may approve or deny each request for travel expense. The Superintendent's signature designating approval is required on the request for travel reimbursement.
3. All requests for travel approved by the Superintendent of Schools shall be forwarded to the Business Administrator, or designee, to determine if the expenses as outlined in the request are in compliance with the New Jersey travel reimbursement guidelines as established by the Department of Treasury and with guidelines established by the Federal Office of Management and Budget (car rentals and/or limousine services are ineligible expense for reimbursement).
4. Expenses for travel and related expenses must meet two sets of tests in order to be reimbursable. First, there is the requirement that the expenses be incurred for matters affecting the Haddonfield Schools, and they be ordinary and necessary. Secondly, there is the requirement that travel and related expenses not be reimbursed unless adequately substantiated.
5. Lodging and meals must comply with the federal per diem rate. Lodging expenses may exceed the federal per diem rates if the hotel is the site of the convention, conference, seminar or meeting and the going rate of the hotel is in excess of the federal per diem rate.
 - a. If expenses are in compliance with the guidelines, the Superintendent will include the

Professional Development Request Form information and the purchase order on the Board of Education agenda for approval.

b. If any expenses are not in compliance with the guidelines, the Business Administrator, or designee, will return the request to the Superintendent of Schools.

c. The Superintendent will notify the professional staff member or Board member of any expenses not in compliance with the guidelines. To receive final approval the staff member or Board member must agree to assume financial responsibility for the non-compliant expenses.

6. Approval of the travel request requires a majority of the full voting membership of the Board of Education at a Board meeting.

7. If approval is given by the Superintendent and the Board of Education, a copy of the Professional Development Request Form will be returned to the staff member. This copy along with the Conference Travel Expense Report (Form) and the Voucher, (second page of the PO that must be signed) and all receipts (no receipts, no reimbursement) need to be attached to the purchase order and sent to the Business Office for reimbursement after the trip.

8. All fees or expenses not covered by the purchase order, the payment shall be made personally by the school district employee and reimbursed at the conclusion of the travel event.

9. The purchase order for expenses should not be submitted until the staff member has the canceled check or a receipt from a credit card. The canceled check or the receipt from a credit card should be attached to the purchase order.

10. A duly executed purchase order should be submitted early enough to have it included for payment at the next regular Board meeting. If the purchase order is submitted at the beginning of the month payment will be made after the second Tuesday of the month.

11. At the time of submission of all expense reimbursements, the staff member must submit a Post Professional Development (PD) Report (Form) that will state the purpose of the travel, key issues addressed at the event and their relevance to improving instruction or the operation of the school district.

12. Board members, officers and designated employees of the Haddonfield School District who register for conferences, workshops, or other professional growth and development activities but fail to attend without proper notification shall be responsible for reimbursing the Board for all incurred expenses. Exceptions caused by extenuating circumstances may be granted at the Board's discretion.

13. School district travel expenditures **shall not include** costs for the following:

a. Subsistence reimbursement for one day –trips, except for meals expressly authorized by and in accordance with the provisions of N.J.A.C. 6A:XX-8.20

b. Subsistence reimbursement for overnight travel within the State, except where authorized by the Commissioner in accordance with the procedure set forth in N.J.A.C. 6A:XX-8.19(b).

c. Attendance by the appropriate people at NJSA, NJADA or NJASBO shall only be permitted for reimbursement for lodging when the convention has received a waiver pursuant to N.J.A.C. 6A:XX-8.19(b) and where home to convention commutation exceeds 50 miles and the event occurs in two or more consecutive days.

d. Lunch or refreshments for training sessions and retreats held within the school district

including in-service days and for employee participants traveling from other locations within the district.

e. Car rentals, limousine services, reverse telephone charges or entertainment costs.

f. Air fare without documentation of quotes from at least 3 airlines and/or travel agencies and/or on –line services.

Out of State Travel:

1. Pursuant to N.J.S.A.18A:11-12, out of state travel shall be limited to the fewest number of board members or affected employees needed to acquire and present the content offered to all board members or staff, as applicable, at the conclusion of the event. Lodging may only be provided if the event occurs on two or more consecutive days and where home to event commute exceeds 50 miles.

2. Where a travel event has a total cost that exceeds \$5,000, regardless of the number of attendees, or where more than three individuals from the district are to attend, the school district shall obtain the prior written approval of the Executive County Superintendent.

CHAPTER 10 - PROFESSIONAL SERVICES LEGAL SERVICES

Title: Professional Services

Subtitle: Legal Services

Procedure:

1. In order to help minimize the cost of legal services, the Board will authorize the designated persons, Superintendent of Schools, the Business Administrator or the Assistant Superintendent to contact legal counsel. The designated persons shall ensure that contacted legal counsel is not contacted unnecessarily for management decisions or readily available information contained in district materials such as Board policies, administrative regulations, or guidance available through professional source materials.
2. If legal advice is requested by anyone other than the three designated persons listed, a request for legal advice shall be made in writing and shall be maintained on file in the administrative office. The designated person(s) will determine whether the request warrants legal advice or if the information can be obtained elsewhere.
3. A log of all legal counsel contacts, will be maintained by the designated person(s) and will include: the name of legal counsel contacted, date of contact, issue discussed and length of contact. Legal bills shall be compared to the contact log and any variances shall be investigated and resolved.
4. Payments for legal services will comply with payment requirements and restrictions pursuant to N.J.S.A.18A-19-1 et seq. as follows:
 - A. Advance payments are prohibited
 - B. Services to be provided shall be described in detail in the contract
 - C. Invoices for payment shall itemize the services provided for the billing period
 - D. Payment shall only be for services actually provided
5. The Board of Education will annually establish, prior to the budget preparation, a maximum dollar limit for each type of professional service, including legal services. In the event it becomes necessary to exceed the established maximum dollar limit for the professional service, the Superintendent shall recommend to the Board of Education an increase in the maximum dollar amount. Any increase shall require formal Board action.
6. Contracts for legal services will be issued by the Board in a deliberative and efficient manner such as through a request for proposals based on cost and other specified factors or another comparable process that ensures the district receives the highest quality services at a fair and competitive price or through a shared service arrangement. Contracts for legal services shall be limited to non-recurring or specialized work for which the district does not possess adequate in-house resources or in-house expertise to conduct.

CHAPTER 12 - EXPENDITURE CONTROLS MAINTENANCE SERVICE CONTRACTS

Title: Expenditure Control

Subtitle: Maintenance Service Contract and Other Repairs

Procedure:

1. Service contracts for continued maintenance and repair of office machines/typewriters are available for district wide equipment.
2. The Business Office will provide each school office/ department with the names(s) and phone numbers(s) of the successful bidders.
3. Whenever a repair is required, the school/department will call the Business Office for availability of funds. The Business Office will authorize the school/department to notify the vendor of the need for repair.
4. When the repair is made, **the service call form from the company** who serviced the machine must be signed by the staff member and the copy forwarded to the Business Office. **Give a voucher to the serviceman** to take back to his office, to be signed and returned to the Business Office.
5. The Business Office will match the service call from the company invoice with the bill as it comes in. The Business Office will then send the bill to the Building Principal to have the PO typed and the appropriate account charged.

SECTION VI: PURCHASING
CHAPTER 13 - EXPENDITURE CONTROLS MAINTENANCE & COMPUTER WO
SYSTEMS

Title: Expenditure Control

Subtitle: Maintenance and Computer Work Order System

Procedure: Maintenance Work Order System

In order to ensure that building maintenance projects are done in a timely fashion, the School Dude.com work order system must be followed. Work orders may be generated by the Teachers or other school personnel but must be forwarded and approved by the building Principal. The Principal's office will log in the work order request through the School Dude program. The program will ask for specific information regarding the exact location and the extent of the work. By logging in at your school location, you are logging into the Maintenance Department's Website therefore the work order is automatically sent to the Maintenance Office. No maintenance projects will be started without a work order request. The work orders will be processed in the order they are received. The Supervisor of Buildings and Grounds will prioritize the work orders according to the date needed and the severity of the work that needs to be done. The Supervisor of Buildings and Grounds will send a notice upon completion of the project.

Computer Work Order System In order to ensure that computer repairs are done in a timely fashion, the following procedure must be followed.

1. A work order (Trouble Trakker) is generated on the web site indicating a description of the problem and the location.
2. Trouble Trakkers are received and delegated to the Computer Technicians and given a reference number. Trouble Trakkers will then be processed in the order they are received, unless there is one that is classified as a priority request.
3. Upon completion of the Trouble Trakker, the person initiating the Trouble Trakker and the supervisor receive a report stating that the work is completed.

SECTION VII: FACILITIES INCLUDING ADMINISTRATION OF WORK AND HEALTH AND SAFETY

CHAPTER 1 - FACILITIES (INCLUDES ADMINISTRATION OF WORK AND HEALTH)

Title: Facilities (includes administration of work and health and safety)

Purpose: The Board of Education recognizes that adequate facilities must be provided to all students and that it must maintain all buildings so that students have a safe and healthy environment in which to learn.

Procedure:

- Building Coordinator
 - While any staff member could contact the Buildings and Grounds Office, the building principal or his designee has the responsibility to be the contact person for the facility to handle communication and administrative details. The Building Principal generally approves and forwards written requests for long term and elective maintenance.
 - During the periods of school vacations, the head building employee will assume the responsibility to forward the work requests to the Building and Grounds Department.
- Planning for Alterations and Remodeling
 - The first step that a school must take before deciding on all major or minor elective alterations or change in use of space is to communicate in writing to the Business Administrator. He will review and submit all requests for remodeling to the Superintendent of Schools.
 - After the Superintendent approves the request, it will be sent to the Buildings and Grounds Department to obtain a project cost estimate for the proposed work. A source of funding must be identified before the project will move to the design and construction phases. Once the project is funded, the manager of capital projects will be instructed to prepare the proper documentation to submit to the County Superintendent or the Department of Education for approval. Application for building permits, bid specifications, plans and drawings must be produced to assist the requestor through the design and construction phases. Keep all concerned informed of scheduling and major events.
- Maintenance and Repair of Equipment
 - The Buildings and Grounds Department holds contracts with several service companies who provide maintenance and repair services such as elevators, fire alarms, burglar alarms, clock repairs, public address systems, gym door repairs and roof repairs.

- The Maintenance Department is prepared to carry out some renovations, alterations and improvements and support buildings in order to offer a constant safe environment. These operations must be scheduled in advance.
- Noise Control
 - The Maintenance Department attempts to schedule work with high noise potential at times least likely to be disruptive. However, it is not always possible to delay emergency repairs.
 - When you are bothered by noise caused by repair projects, call the Buildings and Grounds Department so we can try to accommodate your needs.
- Pest Control
 - The Buildings and Grounds Department provides exterminator services to rid the building of rodents, insects and other pests in accordance with the district's Integrated Pest Management Plan.
 - Please call the Buildings and Grounds Department if this service is needed.
- Recycling
 - Materials such as newspaper, glass containers, aluminum cans, office paper and corrugated cardboard are recycled. Recyclable materials are to be left in containers properly labeled and located in areas throughout the buildings.
- Refuse Collection Services
 - Trash collection is provided by contract and is under the supervision of the Buildings and Grounds Department. It is done on a regularly scheduled basis. Requests for special pickups should be directed to the Supervisor of Buildings and Grounds.
- Chemical Hygiene and Disposal of Hazardous Wastes
 - The district shall maintain its Chemical Hygiene plan and update it on an annual basis.
 - Chemicals, oils, paints, radioactive materials or other hazardous waste should not be disposed of in trash or waste water collection systems. If you have any questions regarding the storage or disposal of these materials, please contact the Buildings and Grounds department.
- Right To Know
 - The district will maintain up to date Right to Know logs and ensure that all employees are provided training at the time of initial employment.
 - The district will provide training on Right to Know regulations to all new employees. Retraining will also be provided as required.
- Safety/Accident Reporting
 - All accidents will be reported to the central office on the appropriate district approved form. Following review by the Business Administrator, the accident form will be forwarded to the district insurance carrier in accordance with the district's risk management procedures.
- Asbestos

Management

- The district shall maintain its AHERA management plan and ensure that it is updated every three years.
- Indoor Air Quality
 - Any IAQ issues should be sent to the Director of Facilities who will follow specific procedures in addressing the immediate issues.
- Fire Alarm Systems
 - The district shall ensure that annual inspections are performed on the fire alarm system. It shall also conduct monthly inspections of all fire extinguishers.
- Drinking Water (for well systems)
 - The district shall conduct all required tests and inspections to ensure that all water coming from the well is potable.
- Wastewater Treatment
 - The district will ensure that either a properly licensed person is on staff or that a professional firm is hired to ensure that all required DEP reports are filed as required.
- Boiler
s
 - The district will ensure that all boilers are inspected annually
 - The district will ensure that a properly licensed boiler operator is on site whenever the boilers are running and buildings are occupied
- Safety Inspections
 - The district will ensure that all health and safety inspections are done on a regular basis, in accordance with the NJ Department of Education evaluation of school buildings checklist
- Long Range Facility Plan
 - The district will ensure that it submits all required documents for its Long Range Facility Plan to the Department of Education on a timely basis
- Comprehensive Maintenance Plan
 - The district shall annually approve its three year comprehensive maintenance plan which shall include corrective and preventative measures for the interior and exterior of each building
- OSHA/PEOSHA requirements
 - The district shall comply with all OSHA and PEOSHA requirements including but not limited to lockout/tagout and confined spaces procedures

SECTION VII: FACILITIES (INCLUDES ADMINISTRATION OF WORK, HEALTH & SAFETY)

CHAPTER 2 - FACILITIES MAINTENANCE AND REPAIR

Title: Facilities Maintenance & Repair Scheduling and Accounting

Subtitle: General

Purpose: To have an automated work order system for prioritizing, performing and recording all maintenance repair requests for all district buildings and grounds.

Whenever a school district employee wants to request a repair or an enhancement from the Maintenance Department, they should complete a maintenance request using SchoolDude. The maintenance request should be generated by the person making the request. The web-based system has been designed to include all information required by N.J.A.C. 6A:23A-6.9.

- **Prioritization**

The work order must first be approved by the building principal and the business administrator before any work is performed. The work orders will be performed in the following priority order:

A. Emergency – An emergency is a situation that poses an imminent threat to the health or safety of occupants of school property which requires the immediate delivery of goods or the performance of services. Normal purchasing procedures may be waived in the event of an emergency.

1. An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service.
2. Within three days, the superintendent shall inform the County Superintendent of the nature of the emergency and the estimated needs to respond to it.
3. The emergency purchasing procedures may not be used unless the need for the goods or the services could not have been reasonably foreseen.
4. The contract shall only cover the necessary tasks to alleviate the emergency.

B. Safety – A safety issue exists when the issue could lead to the injury of any occupant of the building. Examples would include broken locks, water leaks, etc.

C. High – A work order should be categorized as high if the situation is in violation of laws or regulations or board of education policy. Examples would include broken heaters or air conditioners in violation of “Indoor Air Quality” rules or PEOSHA requirements.

D. Medium – A work order should be categorized as medium for general repair work of an existing system that no longer works, such as a broken sink. The Medium category also

includes items included in the annual Comprehensive Maintenance Plan and the district's Strategic Plan.

E. Low – A work order should be categorized as low for requests that are new items, such as a new shelf.

Within each priority category, work orders should be completed in chronological order. The Buildings & Grounds Supervisor may group work orders in order to complete them in an efficient manner. The superintendent may authorize the completion of a work order in a priority order other than above.

- **Cost Benefit Analysis**

Whenever the estimated cost of completing the work order, including labor and materials, is greater than the quote threshold, a cost-benefit analysis of outsourcing the work order shall be performed.

If the results of the cost benefit analysis indicate that it would be less expensive to outsource the work, the work shall be outsourced provided the work can be contracted in accordance with the Public Schools Contracts Law and it can be completed on time.

- **Completion Procedures**

Labor & Materials:

The technician shall record the following for each work order:

- A. The actual hours worked by date.
- B. Whether those hours were at regular or overtime rate.
- C. The actual materials and supplies need to complete the order.

The technician shall record these items directly into the work order software. The work order should be marked as completed after the transactions are entered.

- **Close Out Procedures**

The Business Administrator shall review all completed work orders to ensure that they are properly classified and costed out for the Comprehensive Maintenance Plan. The work order should be marked as closed.

- **Contracted Services**

When a work order requires the hiring of an outside contractor, it should be assigned (in the software) to the Director of Facilities. If a contractor must be called in when the Director of Facilities is unavailable, he must be informed that a contractor is called. The Director of Facilities must mark on his calendar the contractor and the work order number for the service. He should

initiate a requisition with an estimated amount for the service call. The work order number should be entered into the control number field on the requisition.

When the service is complete, the Director of Facilities should mark the work order as complete. When an invoice for the work is received, the maintenance secretary should enter it as a purchase transaction into the work order. The work order should then be marked as closed.

- **Planning**

Prior to December 1st of each year, the School Business Administrator shall conduct an analysis of the work order system to plan for the following budget year. The analysis shall include:

- A. Productivity of staff as a whole and individually.
- B. Variations between estimated and actual labor and materials costs.
- C. Unusual trends for projects.
- D. The projected life expectancy vs. the date a building system/piece of equipment was put into place.
- E. Other factors that will improve productivity and efficiency.

SECTION VIII: SECURITY

CHAPTER 1 - SECURITY

Title: Security

Purpose: The Board of Education believes that the buildings and facilities of the district represent a substantial community investment. The Board directs the implementation of procedures to protect this investment.

Procedure:

Buildings and Grounds Security

- The Building and Grounds Supervisor (or District Security Officer) and staff are responsible for buildings and grounds security.
- All exterior building doors shall be locked at all times.
- Staff members shall not prop doors open for any reason.
- In the evening, all doors shall be locked.

ID Badges

- All employees shall wear district issued identification badges when school is in session.
- All visitors in the building shall wear identification badges issued by the main office.

Visitors/Deliveries

- All visitors during the school day will be permitted access to the building only through the main school office.
- Outside deliveries shall be accepted only at the main school office.
- Deliveries to the loading area shall be permitted only after the driver has checked into the main school office and a building and grounds staff member has been assigned to oversee the delivery.

Building Keys

- Building principals are required to oversee the issuance of building keys to teaching staff members. All building keys will be recorded on the appropriate forms and a fee will be assessed for any lost key.
- Staff are required to obtain and display parking permits on vehicles
- Staff members shall park in assigned parking spots when applicable.

SECTION IX: EMERGENCY PREPAREDNESS

CHAPTER 1 - EMERGENCY PREPAREDNESS

Title: Emergency Preparedness

Subtitle: General

Purpose: To provide district staff with a reference document and to provide the administration with detailed information to use in the event of an unforeseen crisis.

1. The administration shall create a detailed Emergency Management Plan (N.J.A.C. 6A:16-5.1 et seq.) which will provide additional detailed information available only to the Emergency Response Team. The Emergency Management Plan has sensitive information that should not be shared with the public. The Team shall keep the Plan in a locked cabinet in their office. It will also be distributed by electronic file that each member should keep at their home.
2. The administration shall create a quick reference guide for staff to follow in the event of a crises, including but not limited to:
 - a. Bomb Threats
 - b. Fire
 - c. Intruder with gun
 - d. Weather
 - e. Earthquakes
 - f. Intruder/Fights
 - g. Shooting
 - h. Sexual Battery

The quick reference guide shall be distributed to each staff member.

3. The administration shall create and maintain a plan in the event of a pandemic. The plan shall include the following areas:
 - a. Planning and Coordination
 - b. Continuity of Learning and Core Operations
 - c. Infection Control Policies and Procedures
 - d. Communications Planning
4. The administration shall create and maintain a Biosecurity Management Plan to keep the food products are safe. The Biosecurity Management Plan shall be kept confidential except for members of the crisis management team.
5. Training on the Emergency Management Plan shall be conducted annually

SECTION X: RISK MANAGEMENT

CHAPTER 1 - SAFETY

Title: Safety

Purpose: It is our goal to provide a safe and healthful environment for everyone that utilizes the district's facilities. This includes employees, students, and visitors to our district.

Providing a safe environment goes beyond the obvious of properly maintaining buildings and grounds. A safe environment entails the attitude of the people occupying that environment. Therefore, we believe that safety is an attitude which must be cultivated and reinforced.

Procedure: The Superintendent of Schools shall appoint a District Safety Coordinator with the responsibility of establishing and implementing a continuing effective safety program. The district goal is to eliminate lost time accidents. The program must involve all employees and students of the district. Employees should be involved through periodic safety meetings. Students should be involved through classroom instruction by the appropriate educators.

The Safety Coordinator shall organize a safety committee with at least the following employees involved to ensure all areas of the operation of the district are represented: Supervisor of Buildings and Grounds, Cafeteria Supervisor, Supervisor of Transportation, School Business Administrator, a school nurse, principal and other staff deemed necessary. The Safety Committee will meet periodically during the year. The Safety Coordinator will be responsible for working with the Safety Committee to define the safety program. However, these points must be covered:

1. Accident investigation and accident trend analysis.
2. Safety themes identified for use at meetings.
3. Remediation of hazards.
4. Modification to improper work methods.
5. Safety guidelines and specific rules for each area of each building in the district.
6. Proper PEOSH- 200 log maintenance.

Each employee and student will be responsible for obeying the safety rules established. Disregard of these rules will automatically cause a progressive disciplinary system to be enforced, which ultimately could lead to termination from the district.

SECTION X: RISK MANAGEMENT
CHAPTER 2 - LOSS CONTROL/REPORT OF INJURIES

Title: Loss Control

Subtitle: Injuries

Procedure: Staff Injuries

Every employee is entitled to work under the safest possible conditions. In order to insure this, it is necessary that every accident/injury be reported.

All incidents/ accidents must be reported by the employee to the School Nurse or Business Administrator within twenty-four (24) hours after the incident occurs. In the case of injury an accident report must be filled out within twenty-four (24) hours. If there is an employee accident, the employee is to report it to the nurse and fill out the appropriate forms. If the employee needs medical treatment they will then call the Business Office who will coordinate with the insurance company.

The employee will speak to a nurse who will obtain detailed information and make the arrangements for treatment. If further specialized treatment is needed, it must be approved by the School Workers' Compensation physician who will refer the employee to a specialist for this treatment. Failure to go to the Board's doctor will result in a possible rejection of the claim. The school's workers' compensation doctor or the referred doctor will determine when the employee may return to work. The report will be given immediately to the Business Office who will coordinate with the assigned Principal/Supervisor.

If the accident or injury is an emergency, the employee may be treated at the nearest hospital and report the accident as soon as possible to the Business Administrator. Employees should instruct the hospital, doctor or pharmacy to forward all bills to the Business Office (Workers' Compensation Claims). It is NOT recommended that the employee use his/her personal insurance card as this will complicate and delay the prompt payment of any medical bills.

After examination or treatment by the workers' compensation doctor, emergency doctor or referred doctor, the employee must report back to work with the Return to Work Form.

LITIGATION/LIABILITY

Any incidents having the slightest possibility of potential litigation/liability must be reported to the Business Administrator immediately.

INJURIES TO VISITORS ON THE PREMISES

For injuries to visitors in the building or on the premises (day or evening), the same procedure should be followed as for injuries to pupils, except the office of the Business Administrator will be notified as to when and where the accident occurred. It is important that in the description of the accident it is clearly stated that the injuries are not a staff member or student. When an injury occurs, call the Business Office for more information.

SECTION X: RISK MANAGEMENT
CHAPTER 3 - LOSS CONTROL/RECORDING OF DAYS ABSENT

Title: Loss Control

Subtitle: Recording of Days Absent Due to Injury/Accident

Procedure: Days absent from work due to illness, injury or accident will be recorded as sick initially. When the District receives a determination from the Workers' Compensation Insurance Carrier or a Workers' Compensation Court, that these days are designated as Workers' Compensation Days, the employees attendance record will be adjusted accordingly.

Legal Reference N.J.S.A. 18A:30-2.1 X-3.1

SECTION X– RISK MANAGEMENT
CHAPTER 4 - PERSONAL ITEMS - HEATERS, MICROWAVES, REFRIGERATORS

Title: Personal Items

Procedure:

1. It is recommended that personal items not be brought to school or work. The district will not be responsible for any items lost or stolen. In bringing equipment or other items to school, the employee does so at his/her own risk.

2. The school also is not responsible for damage to vehicles while parking on school property. When parking on school property the employee assumes the risk for any damage that may occur.

SECTION XI: TRANSPORTATION

CHAPTER 1 - TRANSPORTATION

Title: Transportation

Purpose: The Board of Education recognizes that transportation to and from school is required for the promotion of education. The Board has the responsibility to transport eligible students to and from their homes.

Procedure:

Field Trip/Athletic Buses

- Requests for buses for field trips and athletic events shall be submitted to the Director of Transportation at the earliest possible date and after approval by the Board of Education. The Transportation Coordinator will schedule all special activity buses.

- The Director of Transportation shall supply Application for Non Public Transportation forms to non public schools located within the district.
- The Director of Transportation shall determine students' eligibility for transportation or aid in lieu of transportation, and shall notify parents and nonpublic school administrators of the determination for each application by August 1st.
- The Director of Transportation shall prepare the Nonpublic School Transportation Summary form and submit it to the nonpublic school administrators in January and May for certification of each.
- The Nonpublic Transportation Summary form shall also be forwarded to the Business Administrator in January and June for the issuance of aid in lieu of transportation reimbursement payments to parents.

Purchase of School Buses

- School bus purchases will be coordinated by the Business Administrator in consultation with the Director of Transportation. Buses shall be replaced on a rotating basis. No vehicle will be utilized to transport students beyond the 12th year from the year of manufacture.

DRTRS

- The annual District Report of Transported Resident Students will be completed by the Director of Transportation and submitted within the State set timeframe.

Safety

- School principals in cooperation with the Director of Transportation shall schedule and conduct bus evacuation drills at least twice during the school year for all students who are transported to and from school.
- The Director of Transportation shall ensure that all school bus driver's and school bus aides are properly trained for the functions of their position.
- The Director of Transportation shall ensure that anyone driving a school vehicle used to transport students to and from school and school related activities meet all of the requirements of N.J.S.A 18A:39-17,18,19,and 20 and all New Jersey Department of Transportation rules governing school bus drivers.
- The Director of Transportation shall ensure that anyone driving a school vehicle holds a valid Commercial Driver's License with appropriate endorsement(s) for the class and type of vehicle operated.
- The Director of Transportation will file the Annual Certification of School Bus Drivers Report with the County Department of Education
- Random drug and alcohol testing of bus drivers shall be conducted in accordance with applicable regulations.

Bus Accidents

- In the event of a bus accident, the driver shall notify police via cell phone and request that they notify the Director of Transportation or Superintendent.
- The driver shall contact the Director of Transportation and/or agencies that can assist in promptly providing for the safety and welfare of the passengers.
- The driver shall NOT leave the students unattended under any circumstances.
- The Director of Transportation shall notify the Business Administrator, Building Principal and School Nurse of the accident.
- The Director of Transportation shall proceed to the scene of the accident as soon as possible.
- The Director of Transportation shall verify the accident with police, keep a written record of each accident, and report all accidents to the state.

SECTION XI: TRANSPORTATION

CHAPTER 2 - VEHICLE TRACKING

Title: Vehicle Tracking, Maintenance and Accounting

Purpose: For the management, control and regulatory supervision of school district vehicles.

Procedure:

1. The district vehicle coordinator shall maintain a vehicle inventory control record including:
 - a. The vehicle make, model and year;
 - b. The vehicle identification numbers (VIN);
 - c. The original purchase price;
 - d. The date purchased;
 - e. The license plate number;
 - f. The person assigned or the pool if not individually assigned;
 - g. The driver license number of the person assigned and the expiration date;
 - h. The insurer and policy number of person assigned, and
 - i. The usage category such as regular business, maintenance, security or pupil transportation.
2. A driving record of the operators of district vehicles including:
 - a. The name of the driver;
 - b. The driver license number and expiration date;
 - c. The insurer policy number of person assigned;
 - d. Motor vehicle code violations;
 - e. Incidents of improper or non-business usage;
 - f. Accidents, and
 - g. Other relevant information.
3. A record of maintenance, repair and body work for each district vehicle including:
 - a. The vehicle make, model and year;
 - b. The vehicle identification number (VIN);
 - c. The original purchase price;
 - d. The date purchased;
 - e. The license plate number;
 - f. The usage category such as regular business, maintenance, security or pupil transportation;
 - g. The manufacturer's routine maintenance schedule;
 - h. The category of work performed;

- i. The mileage on the date work was performed
- j. The cost of the work performed.

SECTION XI: TRANSPORTATION

CHAPTER 3 - VEHICLE ASSIGNMENT

Title: District Vehicle Assignment

Purpose: To ensure compliance for the assignment of district vehicles for the conduct of official district business.

Procedure:

1. The Board shall adopt a policy or policies regarding district vehicle assignment that will ensure compliance.
2. The Board upon the recommendation of the Superintendent may authorize the lease, lease-purchase or purchase and assignment of district vehicles for the conduct of official district business. The vehicles may be assigned either to individuals or to units within the school district for pool use according to the following classifications:
 - a. Vehicles may be assigned permanently and individually to the Superintendent, School Business Administrator, head of facilities services, head of security services, or other supervisory employees who based on their job duties may be called on a 24 hour, seven-day a week basis. No individual assignment shall be made for the primary purpose of commuting.
 - b. A unit may be permanently assigned one or more district pool vehicles only if the employees of the unit will collectively use the vehicle or each vehicle for more than an average of 750 miles per month on official district business. Pool vehicles shall not be used for the purpose of commuting and shall remain at a district facility when not in official use.
3. Board members or employees may be temporarily assigned a district vehicle for travel events.
4. The school district board shall ensure that an employee, such as the School Business Administrator, insurance or risk management staff member, head of facilities or other appropriate employee is assigned the functions of district vehicle coordinator.
5. Vehicle use logs shall be maintained for all individual and pool assignments in order to accurately record all usage of each vehicle, including the driver, mileage, and starting and destination points.
6. All complaints of a potential misuse shall be investigated and appropriate disciplinary action taken.
7. All changes to vehicle assignment, whether pool or individual, shall require prior written approval of the Superintendent and the authorization of an affirmative majority vote of the full

Board.

8. No luxury vehicle, one which exceeds the greater of \$30,000 or any current dollar limit established in Internal Revenue Service (IRS) law or regulation, shall be purchased, lease-purchased or leased by the District. If a vehicle is assigned to the Superintendent, it may be a full-size or intermediate, four-door sedan of the non-luxury class. All other vehicles shall be compact sedans, unless special passenger, cargo, equipment, or use requirements make the standard vehicle unsuitable for documented district needs.

9. The district vehicle shall be used primarily for business purposes; however, incidental and reasonable personal use is permitted. 10. All damage to district vehicles, regardless of cause, shall be reported within 24 hours to the vehicle coordinator and the employee assigned to file insurance claims.

11. No physical alterations shall be made to a vehicle without prior board approval.

12. Drivers of district vehicles shall possess and maintain a valid driver's license to operate a vehicle in New Jersey.

13. When a vehicle is due for routine maintenance in accordance with the manufacturer's schedule, the driver of an individually assigned vehicle or, in the case of a pool vehicle, the vehicle coordinator shall be responsible for ensuring that the vehicle receives the scheduled service.

14. A driver assigned a district vehicle shall be responsible for the security of the vehicle and its contents.

15. Drivers shall be personally responsible for all fines accrued as a result of traffic violation related to operation of district vehicles.

16. The driver, or the driver's supervisor, if the driver is incapacitated, of a district vehicle involved in an accident resulting in damage to the district vehicle or other vehicle shall file, within 24 hours of the accident, a detailed written report with the vehicle coordinator and the district staff member responsible for making insurance claims.

17. Police shall be immediately notified of an accident by the driver or vehicle coordinator, if the driver is incapacitated. A copy of the police report shall be submitted to the vehicle coordinator and the district staff member responsible for making insurance claims as soon as possible.

18. If a district vehicle is misused in any of the following ways, the driver's Driving privileges for district vehicles shall be suspended or revoked, and additional disciplinary action shall be taken as appropriate.

a. Frequent violation of traffic laws;

- b. Flagrant violation of the traffic laws;
 - c. Operation of a vehicle which the police or insurance company determined was the cause of an accident;
 - d. Use of a vehicle for unauthorized use whether personal use, business use, or commuting;
 - e. Violation of these rules, or district policy governing the assignment, use, operation, repair, and/or maintenance of vehicles. This includes the failure to submit a vehicle for routine maintenance as called for in the manufacturer's routine maintenance schedule;
 - f. Operation of a vehicle while impaired to any degree, or under the influence of alcohol or narcotics as defined by State statutes;
 - g. Use of a district vehicle by an unauthorized individual while assigned to an employee;
 - h. Use of a district vehicle to transport any person or child, other than in the course of their assigned duties and responsibilities;
 - i. Use of radar detectors in district vehicles.
19. The Board shall establish a policy for progressive, uniform, and mandatory disciplinary actions to be applied as necessary.

SECTION XII: FOOD SERVICE

CHAPTER 1 - FOOD SERVICE

Title: Food Service

Purpose: The Board of Education recognizes that Food Service is required for the promotion of education. The Board has the responsibility to provide food services to all students.

Procedure:

Application for Participation in Child Nutrition Program

- Before the beginning of each school year, the Business Office Secretary files the appropriate paperwork with the Bureau of Child Nutrition to participate in the Free and Reduced Meal Program.

Direct Certification

- Students eligible for TANF and/or Food Stamps may be directly certified by the State. In these cases, the district sends a letter to the household and notifies them of their child's lunch status before school even begins. In these instances, no lunch applications need to be filled out.

New Students

- Upon registration, new students are given applications for free and reduced meals.

Free and Reduced Meal Applications

- The Business Office Secretary provides Applications for free and reduced meals to each school before the opening of school. The applications are disseminated by the school to students and then returned to school upon completion. Completed applications are then forwarded to the Business Office Secretary.

Determining Eligibility for participation in the Child Nutrition Program

- The Business Office Secretary determines eligibility in accordance with applicable regulations established by the Department of Agriculture. After determination, letters are sent to all applicants advising them of their status (i.e. free, reduced or denied). All applications are maintained in the central office as required by the State.

Master Eligibility List

- A master eligibility must be completed and is maintained by the Business Office Secretary. This is a comprehensive list of all students who filed an application and indicates their status as free, reduced or denied. The master eligibility list is maintained for each school (location) as well as district-wide as required per regulations.

Civil Rights Compliance

- Per regulation, a Civil Rights Compliance is completed each year. Using the October 15th student data, lists are maintained by school, broken down by ethnic group and further broken down by status of free, reduced and denied.

Verification

- By November 15th, the required percentage of applications deemed eligible for free and reduced are verified. These applications are chosen at random and applicants are asked to provide name and social security number for each adult listed on the application as well as proof of income.

Bidding

- Milk and other food items are subject to the bidding requirement of the New Jersey State Contract Law. The Food Service Management Company contract will be renewed and/or re-bid in accordance with applicable law.

Daily Deposits

- Deposits are prepared daily, by school and reconciled to the register tapes by food service management company personnel. They are then put into a locked bank bag and picked up by district courier and brought to the bank. Deposit totals are reconciled to the bank statement by business office personnel

Setting Prices

- Each year, the Board of Education sets prices for food services. Every effort is made to set prices that are affordable for students but enable the food services to operate without contribution from board funds.

Voucher Certification/submission

- Each month, Food Service Management Company personnel enter meal counts into the Department of Agriculture meal reimbursement system in SNEARS (School Nutrition

Electronic Application System). These meal counts are then verified by the Business office and then Certified so that State reimbursement can be made.

Commodities

- The district shall participate in the commodities program offered by the New Jersey Department of Agriculture.

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 1 - PHYSICAL SECURITY OVER TECHNOLOGY EQUIPMENT,
PERIPHERALS AND MEDIA

TITLE: Technology Systems

SUBTITLE: Physical security over technology equipment, peripherals and media

PURPOSE: In order to ensure the overall performance of the technology systems, the equipment must be protected from harm, abuse, misuse and pilfering.

1. Rooms or areas that house servers will be secured either by electronic door entry systems (card swipes or proximity cards) or by mechanical means (locks). Access to these areas should be restricted to authorized personnel only.
 - a. Keys or cards that allow access to the areas should be limited in number and accounted for regularly.
 - b. Review of the personnel who have access to these areas should be reviewed several times a year.
 - c. A log should be kept of any visitors to the secure area with name, date, time entered, time exited and purpose of visit.
2. Rooms or areas that house large amounts of computer or technology equipment (including server rooms, switch closets and computer labs) should have environmental controls to ensure the proper heating, cooling, ventilation, and dehumidification is provided. Environmental controls should be monitored with a system to report environmental alarms.
3. All computer and technology equipment should be tagged and inventoried. Annually the equipment should be physically verified against the inventory log for existence and location verification.
 - a. Verification should be made periodically to ensure that equipment is still located where the inventory record states. When equipment is moved, the inventory record should be updated.
 - b. Laptops and other portable pieces of equipment should be accounted for periodically by requiring the users to provide the piece for physical inspection.
 - c. Software clients can be used to track inventory of computer-based assets. Updates of software clients should be made on a regular basis.
 - d. Inventory should be kept of computer related parts, supplies, consumables, and peripherals.
 - e. District should track the cost of replacement on all technology equipment valued above \$500.

4. Cables and other locking mechanisms should be utilized when appropriate to secure individual pieces of equipment.
5. A master set of user manuals should be maintained and secured to ensure continuity of operations should other versions be destroyed. A master set of manuals should be held in another area, building, in a fire-rated cabinet or scanned and stored electronically in multiple locations
6. Media, such as disks, tape and other output should be protected in locked areas or cabinets. Media that is utilized for back-up of information, applications or systems should be held in another area, building or in a fire-rated cabinet. Aging media should be transferred to current technology.

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 2 - SECURITY OVER DATA - PASSWORDS AND USER ACCOUNTS

TITLE: Technology Systems

SUBTITLE: Security over data – passwords and user accounts

PURPOSE: In order to ensure the overall performance of the district via its technology systems and data.

1. Password protection should be utilized for all network logons. Individual applications should also require users to have passwords.
 - a. Users should be reminded not share or write down passwords
 - b. Passwords should be “hardened” passwords and should be at least eight digits long, requiring upper and lower cases, numbers, and special characters. Passwords should not be “real” words or names of family, friends, pets, etc.
 - c. Passwords for network access should be forced to be changed periodically
 - d. Passwords for applications should be changed periodically.
 - e. Passwords should be user generated and not stored whenever possible, with only reset ability housed at the technology department level
 - f. Passwords should not be repeated for network access and application access, particularly the student information system.
2. User accounts should only be made for network access and individual application access as required for the completion of the staff duties or learning opportunities for students.
 - a. No user profiles should be created, changed or deleted without proper authorization. This should include a written (or electronic) request form that is authorized by central administration. This authorization should include the name of the individual, the applications and network services to be granted access to and the level of security in each.
 - b. Systems that employ automatic account/password creation should be monitored regularly to ensure software functionality.
 - c. Access to district wide public folders should be restricted based on user role.

SECTION XIII: TECHNOLOGY SYSTEMS

CHAPTER 3 - SYSTEMS SOFTWARE

TITLE: Technology Systems

SUBTITLE: Systems software and applications authorized for use in the district

PURPOSE: The number, type and scope of individual applications should be monitored to maximize the efficiency of the technology while not creating an overly complex environment.

1. Purchase and use of new applications, including those that are web hosted and not actually owned by the district should require approval of the superintendent and business administrator. Among considerations should be any licensing issues, purpose of application, and compatibility of the new application with the current infrastructure. The need to expand the infrastructure as a result of the new application (for example, video sharing software may need additional storage).
 - a. Before new applications are purchased, there should be a determination of the needs of the district, a review of available solutions, a compatibility test with existing infrastructure and a determination of the needs satisfied by the application.
 - b. Before implementation of new applications, timelines and deliverables should be established. The deliverables would include what is expected of the application and the time frame for each.
 - c. Before installation of new applications, back-up of systems should be done in case of incompatibility and adverse reactions to the new software. Baseline information should be held.
 - d. Hardware requirements for the new application should be identified and purchased well in advance of installation of new applications, if needed. This allows for the proper testing of the new hardware.
2. For existing applications and systems software, a listing should be created and maintained and submitted by the technology department for periodic review by central administration. The list should include:
 - a. Hardware utilized, including name of server or location of software or application
 - b. Summarized description of user
 - c. Number of users
 - d. Licensing information, including expiry dates
 - e. Application owner responsible for user authorities
 - f. Date of original purchase and dates of updated purchases
 - g. Version information
 - h. Vendor contact information

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 4 - PROTECTING NETWORK FROM INTERNET DANGERS

TITLE: Technology Systems

SUBTITLE: Protect the district's network from internet dangers

PURPOSE: The district needs to employ several layers of protection to ensure that unauthorized access to the network does not occur.

1. Anti-virus Application is in use and automatically updated and forced automatic rollouts to all district computers occurs on a regular basis to protect from computer virus contamination.
2. The district utilizes spam filters and anti-spyware software to minimize the potential for unsolicited and unauthorized access to the network.
3. The district utilizes an external firewall to prevent access from unauthorized sources.
 - a. The available and open ports should be reviewed periodically.
4. Obtain automatic updates for operating systems and common applications such as Microsoft Office.
5. The district will secure the wireless network by using WEP, WPA or other network level protective encryption to avoid access by unauthorized sources.
6. District will monitor wireless transmission to verify authentication of users.
7. Network administrators will periodically check systems ability to bind IP addresses to users on the network

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 5 - PROTECT DISTRICT'S NETWORK FROM INTERNAL DANGERS

TITLE: Technology Systems

SUBTITLE: Protect the district's network from internal dangers

PURPOSE: Create procedures that prevent unauthorized use from within the district

1. The district utilizes "Lock Out", where the workstations and screensavers should automatically lock the unit when not in use for several minutes.
2. Access to the network should be requested, changed, added and deleted by authorized personnel only on behalf of those staff members who need access. There should be a form that requires signatures and sign-off by the technology staff that has completed the tasks.
3. The district will maintain logs of all users and access levels for all systems applications. Application administrators will maintain logs of all users and access levels for all applications.
4. User roles should be defined that allows for many users to be grouped together. The use of profiles allows for more standardization and efficiency in administering the security access of each application.
5. All application access will be reviewed periodically for discrepancies in the user roles and the access to sensitive information.

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 6 - ELECTRONIC COMMUNICATION ARCHIVAL

TITLE: Technology Systems

SUBTITLE: Electronic Communication Archival

PURPOSE: Store electronic communications made within district

1. District will employ hardware solutions to maintain electronic backups of all communications.
2. District will store for a period of three years, all inbound and outbound messages
3. Email archival system access will be restricted to secure district personnel
4. Periodic checks of the email archival system will be made to ensure reliability.
5. Regular password changes will be made to the archival system to limit potential security breaches.
6. The district will set up network policies to block any electronic instant messaging/chat program that cannot be monitored/archived.
7. District will archive all inbound and outbound instant messaging communications.

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 7 - WEB CONTENT FILTERING AND SUPERVISION

TITLE: Technology Systems

SUBTITLE: Web content filtering and supervision

PURPOSE: To ensure a safe and secure electronic environment for students.

1. District will employ tools to monitor access to web sites. Using a hardware or software “proxy” solution, the district will put into place a method to filter web sites containing content that is against the district’s acceptable use policy.
2. “Proxy” system will filter web sites that contain viruses, spyware, malware, unsecure connections and improper certificates.
3. District will develop a system to log attempts at blocked websites
4. Technology staff will conduct regular maintenance of the “proxy” filter.

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 8 - NETWORK STORAGE AVAILABILITY

TITLE: Technology Systems

SUBTITLE: Network Storage Availability

PURPOSE: To provide users with a secure area on the network to store files.

1. District will employ tools to allow users to save files on a secure server.
2. Systematic and regular backups will be made of network-stored data.
3. Access to individual network space will be restricted to individual users and network administrators.
 - a. Network administrators will create space limitations so as to not exceed the capacity of the server space
 - b. Users of the network storage system will agree to store content that is in agreement with the district's acceptable use policy.
4. Shared network storage will be monitored to ensure proper access based on security groups.
5. Network administrators will periodically check backups of the system.

SECTION XIII: TECHNOLOGY SYSTEMS
CHAPTER 9 - MAINTENANCE AND COMPUTER WORK ORDER SYSTEM

Title: Technology Systems

Subtitle: Maintenance and Computer Work Order System

Procedure: Maintenance Work Order System

In order to ensure that building maintenance projects are done in a timely fashion, the School Dude.com work order system must be followed. Work orders may be generated by the teachers or other school personnel but must be forwarded and approved by the building Principal. The Principal's office will log in the work order request through the School Dude program. The program will ask for specific information regarding the exact location and the extent of the work. By logging in at your school location, you are logging into the Maintenance Department's Website therefore the work order is automatically sent to the Maintenance Office. No maintenance projects will be started without a work order request. The work orders will be processed in the order they are received. The Supervisor of Buildings and Grounds will prioritize the work orders according to the date needed and the severity of the work that needs to be done. The Supervisor of Buildings and Grounds will send a notice upon completion of the project.

Computer Work Order System

In order to ensure that computer repairs are done in a timely fashion, the following procedure must be followed.

1. A work order (Trouble Trakker) is generated on the web site indicating a description of the problem and the location.
2. Trouble Trakkers are received and delegated to the Computer Technicians and given a reference number. Trouble Trakkers will then be processed in the order they are received, unless there is one that is classified as a priority request.
3. Upon completion of the Trouble Trakker, the person initiating the Trouble Trakker and the supervisor receive a report stating that the work is completed.

5. A master set of user manuals should be maintained and secured to ensure continuity of operations should other versions be destroyed. A master set of manuals should be held in another area, building, in a fire-rated cabinet or scanned and stored electronically in multiple locations.

Media, such as disks, tape and other output should be protected in locked areas or cabinets. Media that is utilized for back-up of information, applications or systems should be held in another area, building or in a fire-rated cabinet. Aging media should be transferred to current technology.

SECTION XIV: TECHNOLOGY SYSTEMS
CHAPTER 1 - ACCEPTABLE USE OF DISTRICTS TECHNOLOGY AND
INFORMATION

TITLE: Information Management

SUBTITLE: Acceptable Use of Districts Technology and Information

PURPOSE: To ensure that anyone who has access to district electronic resources understand what is acceptable use of the technology and information and ensure that anyone who has access to sensitive information understands the acceptable uses of that information.

Procedure:

1. The district has a AUP policy and the policy is spelled out in student and staff code of conduct.

SECTION XIV: TECHNOLOGY SYSTEMS
CHAPTER 2 - SECURING OF SENSITIVE MANUAL (WRITTEN OR PAPER
INFORMATION)

TITLE: Information Management

SUBTITLE: Securing of sensitive manual (written or paper) information

PURPOSE: To ensure that sensitive information is properly handled and limit the potential exposure of information from being obtained through the district

Procedure:

1. Sensitive information should be housed in a locked cabinet or behind locked doors.
 - a. Access to keys are restricted to personnel authorized to view the information
 - i. Keys should have “do not duplicate” on them and copies should be prohibited, except as needed
 - b. Areas housing sensitive information should be locked whenever the areas are not staffed
 - c. Wherever possible, sensitive information should be stored away from high traffic areas.
2. Original sensitive information files should be housed in a fire rated cabinet, where possible.
3. Backups of paper documents should be treated as sensitive. Electronic documents should be backed up daily and paper documents should be housed in locked areas.

SECTION XV: FINANCIAL AND HUMAN RESOURCE MANAGEMENT SYSTEMS

CHAPTER 1 - FISCAL/MANAGEMENT SYSTEMS

N.J.A.C. 6A:23A-6.7

GUIDANCE DRAFT

- **Directive**

Pursuant to 6A:23A-6.7 school districts and county vocational school districts with budgets in excess of \$25,000,000 or with more than 300 employees shall maintain an enterprise resource planning (ERP) system which integrates all data and processes of an organization into a unified system. An ERP system uses multiple components of computer software and hardware and a unified database to store data for the various system modules to achieve the integration. NOTE: This system does not include student, transportation or food service databases or modules.

- **ERP System Integration Features**

Three applications – comprise an ERP; accounting, payroll, and human resources system. System integration permits data sharing among the three applications, therefore eliminating any duplication of data entry. System integration features facilitate data sharing not only among the applications, but may also with third-party payroll, substitute placement/absence tracking, and bidding applications. Integration between these applications allows for the automation of many functions, enabling:

- **In Accounting**

System-generation of the payroll purchase order and encumbrances at the start of each new fiscal year (salary amounts and expense account information from Payroll is used to create the file needed to generate the payroll PO encumbrances in Accounting).

Update/adjust payroll PO encumbrances throughout the year to reflect any staff/budget changes (updated salary/expense account information from Payroll is used to update payroll PO encumbrances in Accounting). Automatically reduce payroll PO encumbrances to expenditures each pay period (transfer of payroll expenditure data from Payroll, or a third-party application such as ADP, to Accounting). Import next year's budget preparation data directly into a Budget Projection Module (transfer of salary data either from Personnel, or a third-party application such as Microsoft Excel, into Accounting). Import purchase order data from third-party bidding applications (such as Educational Data) to Accounting, automating purchase order entry.

- **In Payroll**

Automatically update new fiscal year payroll salaries for all employees (transfer of contracted salary data from Personnel to Payroll). Or synchronize remaining contract days that can be printed on employees' payroll check stubs (transfer of remaining sick/personal/vacation day balances from Personnel to Payroll).

- **In Personnel**

Import attendance information (automatically generating employee attendance records within Personnel from your AESOP or SUBFINDER system). Implement position control codes (transfer of employee budget spread data from Payroll via alpha/numeric position control code for each employee record within Personnel). Automatically update position control budget spread information (based on payroll budget spread changes – transfer of updated budget spread data from Payroll updates Position Control Code budget spread data in Personnel). Generate projected salary data, by expense account, for budget preparation (transfer of employee salary data and Position Control Code budget spread information from Personnel to an Accounting's Budget Projection Module).

Payroll budget spread information can also be imported into Accounting from third-party applications such as ADP. Those not utilizing system integration will obtain the payroll budget spread database file from their individual payroll provider instead. If utilizing an outside provider, districts should ensure that the expense account structure for the employee's budget spread in the third-party application is consistent with the expense account structure established within Accounting.

Import Budget Preparation Data into a Budget Projection Module (Personnel to Accounting)

Accounting may include a budget projection module designed specifically to assist school districts with next year's budget preparation. This module includes a function allowing for the import of data (either from Personnel or a third-party application such as Microsoft Excel). This Projected Salary Data File (with the use of unique position codes, the system will automatically project, based on your district's settled contract information, the total amount needed for each salary expense account).

Additional Benefit:

- Import the Projected Salary Data into the Accounting's Budget Projection Module (all employee names and salaries that comprise the projected total will be detailed for each expense account).

Bidding to Budget Transfer

(Third-Party Bidding Software to Accounting)

Many districts utilize outside bidding companies (such as Educational Data) to assist with the process of procuring needed supplies for the upcoming year. These bidding companies deal with the individual vendors and award the bids based on district criteria. The data received from the third-party bidding application then needs to be entered into the district's accounting software application to generate the purchase order encumbrances. Entering these purchase orders can be time consuming and labor intensive. To expedite this process, the Accounting system should be able to provide a "Bidding to Budget Transfer" function.

Automatically Update New Fiscal Year Payroll Salaries for all Employees (Personnel to Payroll)

At the beginning of each new fiscal year, salary information can be updated for all employees automatically. Districts who utilize third-party payroll applications (such as ADP) may have to manually enter in each new salary amount for every single employee. If system integration is used this should be an automated process for those districts that utilize both Payroll and Personnel

applications. Personnel provides the ability to maintain historic, current and future year salary information, allowing Payroll to access this data when it is time to update individual employee salaries.

Synchronize Contracted Salaries - This function would update the “Salary” field with employees’ total calculated salary amounts from Personnel.

Print Sick/Personal/Vacation Day Balances on Employee Check Stubs (Personnel to Payroll)

Districts routinely provide employees with their balance of contract days throughout the year. One method to provide this information is to generate a hard copy report (which can take some time to print and distribute to each and every employee). Districts that utilize system integration have the ability to streamline this process by synchronizing this information between the two applications, allowing the balance of contract days to be printed directly on the employee’s check stub in Payroll.

- Synchronize Contract Days Remaining

(AESOP or SUBFINDER Systems to Personnel) Many districts take advantage of utilizing outside automated substitute placement systems (such as AESOP or SUBFINDER). These systems provide on-line solutions for absence tracking and substitute placement.

Entering the district’s daily attendance and substitute information can be time consuming and labor intensive. System integration should be able to import attendance records, which automatically generates employee attendance records within Personnel from your AESOP or SUBFINDER file, reducing the need to manually enter this information in. This function is available to all districts who utilize either the AESOP or SUBFINDER systems.

Key benefits include increasing the district’s efficiency in:

- 1.) filling teacher absences with substitute teachers, and
- 2.) automating the attendance data entry process. For those districts whose attendance is not entered on a daily basis (due to work overloads or staff absences), integration between the two applications aides districts with keeping their attendance current and up-to-date, providing school administrators access to accurate and reliable absence information on a timely basis.
- 3.) Implement Position Control Codes or Numbers (PCN), and Automatically Update Position Control Budget Spread Information (Payroll to Personnel)
- 4.) Utilizing a synchronized Personnel and Payroll applications give the ability to implement position control codes, as well as automatically update position control budget spread information as necessary. Position Control Codes or Numbers (PCNs) represent distinct, board-approved, contracted job positions. The budget spread for each position is defined, providing a powerful in-house management and budgeting tool. Key benefits of utilizing PCNs include features that allow your district to:
- 5.) Validate current year budget appropriations against Personnel contracted salaries, by account.

- 6.) Present salary projection analysis to the board to assist with budget projection for the next fiscal year.
- 7.) Track and project the district's vacant positions, allowing for more accurate budget projections.
- 8.) Import future year salary data directly into Accounting's Budget Projection Module.
- 9.) Utilize employee budget spread information from Payroll to generate PCN in Personnel.

In short, a unique code is created to represent each board-approved contracted position within your district. These codes are referred to PCNs. The budget spread is attached to these codes, telling the system which account(s) the position is to be paid from. As the positions are filled, the corresponding PCN is linked to the employee who is currently filling the position. PCNs that are not linked to any employees represent vacant positions. For example, if your district has five board-approved positions for high school math teachers, you would establish five PCNs to represent the five separate positions.

PCNs are independent of employee records. Each PCN represents a separate position within the district, not the employee who fills it at any particular time. Thus, if an employee leaves a position and the position remains open, the PCN remains active in the system representing a vacant position to be filled. Once an employee is hired for that position, the vacant PCN is then assigned to that person.

Vacant PCNs provide an area where a projected estimated salary amount may be entered, providing the district with the ability to budget for positions that are expected to be filled. When a PCN is linked to an employee record, the calculated salary for that employee overrides the vacant salary amount entered for the PCN. As PCNs represent positions within the district, they are only added or deleted when a job position itself is either created or phased out.

Meaningful vs. Non-Meaningful PCNs

Each PCN must be unique and can be up to 20 characters or digits. A PCN can either be a random string of numbers with no meaning attached to it – like a PO number – or it can be a string containing meaningful segments – like an expense account number.

Meaningful PCNs are critical for position control, as they allow the positions they represent to be more easily identified. They are also easier to relate to when using the PCN associated reports.

Non-meaningful PCNs are a random string of numbers with no meaning attached to it. Position control is more difficult, as is using the related reports.

WHAT A SBA SHOULD DO....TO IMPLEMENT 6A:23A-6.7?

1. Do we need to comply with the district budget or populace?
2. Look at current systems utilized (i.e. fund accounting, payroll and personnel) for integration or expansion.
3. Define needs-are systems in place fully utilized? Is training necessary to implement system capabilities? Is there no integration in place?
4. If utilizing multi modules (systems) i.e. ADP payroll, Microsoft Excel position control, outside fund accounting module....can they be integrated? If so, has approval for utilization been obtained from the ESC?
5. Does the system..... (Fund accounting, personnel, and payroll) currently being utilized sufficiently meets the requirements of 6A:23A-6.7? If so, has approval been obtained from the ESC?
6. If not able to expand current systems for appropriate utilization, is there another district or county organization that can accommodate needs? (Remember to check with the ESC for potential providers)
7. What expenditures are available to extend to the full integration of systems (ERP)? Does the additional cost add directly to the district's administrative limits or can the additional cost be shifted to an outside agency (i.e. bank payment for services)?
8. What are the “quiet” costs of system integration?
 - New equipment (servers, wiring, computers)
 - Supplies (paper, checks, ink and associated copy costs)
 - Staffing (training and numbers to respond to necessary reporting, daily updates, etc.)
 - Facilities (is there room for all necessary equipment, supplies and staff?)
9. If it is necessary to research outside ERP systems, are they able to give you a BETA for 2009/2010? Are they state approved for compliance?
 - In looking at ERP systems, does the potential system allow for control over access and audit trail for access to all system components?
 - Does the anticipated ERP system allow for appropriate updates for all systems within or outside pursuant to DOE requirements?
 - Has the proposed ERP system been used in full by NJASBO members within the last three (3) years?
 - Is the proposed ERP system harmonious to NJSA and NJAC requirements
 - Does the proposed ERP system allow for staff training, support updates, appropriate back up of information and back up for start up?

- **Determination**

Once the aforementioned is reviewed and the priorities or direction of the district is established the SBA in conjunction with the CSA should approach the Board of Education with their findings. The Board of Education should prior to determination, analyze the recommendation for ERP compliance, but make sure that all changes in procedure and process also adhere to Board of Education policy, maintain appropriate user authority and user access and district wide protocols for accessibility.

- **Internal Controls**

The Board of Education should establish internal control procedures for all systems (fund accounting, personnel and payroll) regardless of true system integration or multi systems (many modules) integration. No one individual should have control within all systems. Annual review should be done via an internal control check. (See attached sample document- which should be completed in-house and by the district auditor independently).

REDUCED LUNCH APPLICATION FALL REPORT DATA COLLECTION SCHEDULE

TITLE: FREE AND REDUCED LUNCH APPLICATIONS

PROCEDURE: The Free and Reduced Meal applications are sent to us electronically by the state. It is mandated that we use this form without change. The Food Service Department is responsible for getting the forms copied and distributed to all the schools. The youngest member of the household is to receive the application on the first day of school. The food service department sends this list to each school for meal application distribution. Once completed by the parent all applications returned are sent to the Food Service Department for processing. The Bookkeeper sends home a meal status notification letter to all applicants. Applications are kept at the Food Service department throughout the school year. Using Genesis for processing the application, the eligibility determination is forwarded to each student's file and to the Point of Sale system. Each school secretary can view this information via Genesis. Verification of qualification for free and reduced meals is the responsibility of the Food Service Supervisor. Verification of applications must be completed in November.

Elementary Schools Procedures

The cafeterias have computerized point of sale cash registers. After the student identifies himself with a Pin number, the picture of the student comes up on the screen along with the meal status code and any balance the student may have. All money for meals is collected in the classrooms. The money is put into an envelope which is already labeled with the students name, teacher name, room number and grade, which is supplied by the school secretary. The envelopes are forwarded by the teacher to the main office where the cafeteria worker gets them and applies the money to the appropriate student account via the Point of Sale. At lunch time the student puts their PIN number into the cash register via PIN pad for items purchased. No money is exchanged at lunch time. At the end of each day the cafeteria worker counts out all money received and posts it to the point of sale. The physical cash received should match the money posted to student's accounts. At the end of each day the cafeteria worker prints out a daily sales report and sends it to the Food Service office. Any problems or questions during the course of the day are to go to the Bookkeeper in the Food Service department. Any discrepancies are to be called into the Bookkeeper prior to closing out for the day.

Middle School and High School

In these two schools the students deposit money directly with the cashier while they are purchasing meals. The meal eligibility status is on the point of sale screen, reducing overt identification. All meal statuses are shown by a symbol. Students have the option of depositing as much money as they wish in their account. All deposits and purchases go through the cashier during lunch time.

At the end of the day the manager at the Jr. High school and the Bookkeeper at the High School print out the daily sales reports. The cashiers can view these numbers prior to printing to verify cash received against sales. Any problems are referred to the manager at the Jr. High school and the Bookkeeper at the High School. The cashiers need to advise their managers of any money discrepancies.

SECTION XV: FINANCIAL AND HUMAN RESOURCE MANAGEMENT SYSTEMS

TITLE: GLOSSARY OF COMMON SCHOOL ACCOUNTING TERMS

ACCOUNT - A descriptive heading under which are recorded financial transactions that are similar in terms of a given frame of reference, such as purpose, object, or source.

APPROPRIATION - An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

AUDIT - The examination of records and documents and the securing of other evidence for one or more of the following purposes:

- A. Determining the propriety, legality and mathematical accuracy of proposed or completed transactions.
- B. Ascertaining whether all transactions have been recorded.
- C. Determining whether transactions are accurately recorded in the accounts and in the statement drawn from the accounts.
- D. To determine whether the statements prepared present fairly the financial position of the school district.

AVERAGE DAILY ATTENDANCE, ADA - The aggregate days; attendance of a given school during a reporting period divided by the number of days school is in session during this period. Only days on which the pupils are under the guidance and direction of teachers should be considered as days in session.

BID - The process which includes legal advertising and direct contact, sought from appropriate vendors for goods and services individually or in the aggregate, whose cost is above the mandated bid threshold.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them.

CAPITAL OUTLAY - An expenditure which results in the acquisition of fixed assets or additions to fixed assets. It is an expenditure for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings and the remodeling of buildings, with the life expectancy of at least ten years.

CASH - Currency, checks, postal and express money orders, and bankers' drafts on hand on deposit with an official or agent designated as custodian of cash, and bank deposits.

CHART OF ACCOUNTS - A list of all accounts generally used in an individual accounting system. In addition to account title, the chart includes an account number which has been assigned to each account. Accounts in the chart are arranged by Fund, Program, Function and Object.

CONTRACTED SERVICES - Services rendered by personnel who are not on the payroll of the Board of Education including all related expenses covered by the contract. Also see Purchased

Services.

CURRENT - The term refers to the fiscal year in progress.

DEFICIT - The excess of the obligations of a fund over the fund's resources.

DISBURSEMENTS - Payment in cash.

ENCUMBRANCES - Purchase orders, contracts, and salary or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid.

EQUIPMENT - An instrument, machine, apparatus, or set of articles with a value of at least \$500 which retains its original shape and appearance with use and/or is nonexpendable; i.e., if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair than to replace it with an entirely new unit.

EXPENDITURES - Charges incurred, whether paid or unpaid, which are presumed to benefit the current fiscal year.

FISCAL YEAR - The twelve-month period from July 1, through June 30, during which the financial transactions of the school system are conducted.

FIXED ASSETS - Land, buildings, machinery, furniture, and other equipment which the Board of Education intends to hold or continue to use over a long period of time and costs over \$500.00 when purchased. "Fixed" denotes probability or intent to continue use or possession, and does not indicate immobility of an asset.

FUNCTION - A group of related activities which are aimed at accomplishing a major service for which the school system is responsible.

FUND- All accounts necessary to set forth the financial position, the financial operations, the changes in residual equities or balances, and the changes in financial position of a fund.

GENERAL FUND - Used to account for all transactions in the ordinary operations of the Board of Education.

INVENTORY - A detailed list or record showing quantities, descriptions, values, and frequently, units of measure and unit prices of property on hand at a given time. Also, the cost of supplies and equipment on hand not yet distributed to requisitioning units.

INVOICE - An itemized list of merchandise purchased from a particular vendor from which payment is made. The list includes quantity, description, price, terms, date and the like, and is matched with the signed receiving copy.

OBJECT - The commodity or service obtained from a specific expenditure.

OBLIGATIONS - Amounts which the Board of Education will be required to meet out of its resources, including both liabilities and encumbrances.

PETTY CASH - A sum of money set aside for the purpose of paying small obligations for which the issuance of a formal voucher and check would be too expensive and time-consuming. Also, a sum of money, in the form of a special bank deposit, set aside for the purpose of making immediate payments of comparatively small amounts.

PROGRAM - A plan of activities and procedures designed to accomplish a predetermined objective or set of allied objectives.

PROGRAM MANAGER - The individual responsible for monitoring the expenditures within a particular program of the budget. This person usually determines what to purchase, originates purchase orders and receives goods and/or services.

PRORATING - The allocation of parts of a single expenditure to two or more different accounts. The allocation is made in proportion to the benefits which the expenditure provides for the respective purposes or programs for which the accounts were established.

PURCHASE ORDER - A written request to a vendor to provide materials or services at a price set forth in the order and is used as an encumbrance document.

PURCHASED SERVICES - personal services rendered by personnel who are not on the payroll of the Board of Education, and other services which may be purchased by the Board of Education.

REFUND - A return of an overpayment or over collection. The return may be either in the form of cash or a credit to an account.

REIMBURSEMENT - The return of an overpayment or over collection in cash.

REPLACEMENT OF EQUIPMENT - A complete unit of equipment purchased to take the place of another complete unit of equipment which is to be sold, scrapped or written off the record and serving the same purpose as the replaced unit in the same way.

REQUISITION - A written request to a school official for specified articles or services. It is a request from one school official to another school official, whereas a purchase order is from a school official to a vendor.

STUDENT ACTIVITY FUND - Financial transactions related to school-sponsored student activities and interscholastic activities. These activities are supported in whole or in part by income from students, gate receipts, and other fund-raising activities.

SUPPLY - A material item of an inexpensive, expendable nature that is consumed, worn out or deteriorated in use; loses its identity through fabrication or incorporation into a different or more complex unit or substance. Is expendable or subject to replace rather than repair if damaged or if some of its parts are lost or worn out.

TRAVEL - Costs for transportation, meals, hotel and other expenses associated with traveling on business for the Board of Education.

UNIT COST - Expenditures for a function, activity, or service divided by the total number of units for which the function activity or service was provided.

VOUCHER - A document which authorizes the payment of money and usually indicates the accounts to be charged.
